Bidder Questions

Question 1

Reference: Volume 1 - Bidders Instructions, Article 5.1.2 - Status and Availability of Resources

From time to time Contractors, or its Suppliers, promote individuals to positions within their organization to fulfill succession planning requirements and promote professional development. As a result of this requirement, a Bidder may need to propose a substitute with similar qualifications on the UWSU project team.

Further, the UWSU Acquisition and ISS contracts span many years, and the restrictive language within Volume 1 Part 5 at paragraph 5.1.2 will impact a Bidder's ability to offer such promotions and professional development opportunities to individuals specified within the resulting UWSU Contracts.

Will Canada amend the subject language to remove the restrictive language governing acceptable substitutions of named individuals in the project team?

Answer:

- 1) Article 5.1.2 is applicable to the solicitation process, not the resulting contracts. The General Conditions referenced under Volume 2 Article 4 and Volume 3 Article 5, contain the applicable provisions should the replacement of specific individuals be required during the performance of the contracts. The following links will bring you to the applicable articles for each resulting contract

Volume 2, Article 4 - Standard Clauses and Conditions, 2030 09 (2008-05-12) Replacement of specific individuals: <https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual/3/2030/17#replacement-of-specific-individuals>

Volume 3, Article 5 - Standard Clauses and Conditions, 2035 08 (2008-05-12) Replacement of specific individuals: <https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual/3/2035/16#replacement-of-specific-individuals>

- 2) The following amendment is hereby incorporated into the solicitation:

DELETE Volume 3, Article 28 - Changes in the Contractor's Team, in its entirety.

Question 2

Volume 2 Annex C, Appendix 2 of the RFP is version dated 7 Feb 2017. An unclassified explanation of differences from the draft version dated 26 Oct 2016 (released during the RFI process) is as follows:

CS-53 - subtract 60 from value and delete text "at 1 meter" / "à 1 mètre" from units
CS-7 - Add 20 to value
CS-8 - Add 0.5 to value
CS-10 - Add 750 to value
CS-19 - Add 0.5 to value
CS-20 - Add 0.5 to value
