SOLICITATION AMENDMENT # 1

THIS AMENDMENT CONSISTS OF QUESTION AND ANSWERS TO THE ITT AND AMENDMENT TO THE SOLICITATION CLOSING.

1. ANSWER QUESTIONS ASKED BY POTENTIAL BIDDERS.

Question 1. Interior finish is the 13 mm maple veneer 4x8 ft. sheets applied to the metal studs with countersunk pilot holes and screws.

Answer 1: Screws are not to be countersunk and each should have an exposed matching metal grommet

Question 2. The exterior finish is the James Hardie cement fiber 4x8 ft sheets with revealed edges and surface mounted screws (with countersunk holes and screws).

Answer 2: James Hardie cement fiber panels to be installed exactly as per the manufacturer installation with fastening system specified. Reference can be made to the following link:

<http://www.jameshardiepros.com/Products/Hardie-Reveal-Panel-System>

Refer to all elevation drawings A200, A201, A202, A203

Question 3. The exterior storage closet doors are with wood siding "Urban" prefinished, brushed face in Modern or contemporary provided by Maine

Answer 3: The exterior storage closet doors are Hardie panel cut into boards and installed with 10 mm gaps for ventilation as shown on drawing A203 and details A802.

Question 4. Is this a tongue and groove product how do we provide the 10 mm gap between ea. Board.

Answer 4: Answer 4: See Answer 3

Question 5. I just have one question regarding the proposed structures. Under the current zoning bylaw, this type of development is expressly forbidden. I am not sure whether Parks Canada is exempt from compliance with the bylaw or not. I am looking at this as a PR headache that need not happen

Answer 5: We are aware of the by-law you are referring to and have spoken with the Township staff regarding our intent. The National Park, as federal land, is subject to a series of guidelines that is enacted by federal legislation. For instance, we follow national drinking water standards, national building code, federal environmental assessment, etc. It is different than municipal legislation. This allows consistency in managing National Parks across Canada to the same standards and as a consequence, the federal mandate supersedes the municipal process. However, it does not set precedent over municipal legislation on the lands that they administer. It only allows us to manage on lands (or waters) we administer on behalf of the federal government.

2. AMENDMENT TO THE ITT

1. ON PAGE 1 OF THE ITT EXTEND THE BID SOLICITATION PERIOD.
