Here are the questions which we have received until now:

Question 1: Attachment ABES.PROD.PW_BAL.B001.B17109.ATTA001.PDF does not work properly, why?

Answer 1: We had a problem with our computer system and this file was generated by mistake. The other attachments contain all the necessary information to the Request For Proposal.

Question 2: We would like more details in point 2.1 of Annex A - Requirement - General: Which parts are excluded from the present request?

Answer 2: These are the lids or holed cells whose details are shown at the top right of the drawing provided.

Question 3: Would it be possible for you to send us the detailed plan of the part specified in point 5.1 of Annex A - Requirement - General?

Answer 3: This part is a standard 316 stainless steel floating flange and HDPE tip with an operating pressure of 267 psi and a diameter of 250 mm. It is already illustrated in the drawing provided.

All other terms and conditions of the solicitation remain the same.
