

Q & A FOR OPEN BID RFP # FIN-951311-2017-04-26 DEPARTMENT OF FINANCE CANADA

ANSWER #1: The Department of Finance will amend the following under M1;

- One of the three programs must have been delivered to Executives in the Federal Public Service and/or **provincial experience**

QUESTION #1: For M1, we must have delivered three programs delivered within the last five years, and one of them must have been delivered to executives in the federal public service. We have considerable experience in this type of program, mainly with clients in the provincial public service. Would it be possible to amend this criterion so that experience with provincial governments can be taken into account?
