Amendment 02

This amendment is being raised to distribute bidder questions and answers and make a correction to a quantity in the unit price table.

A) Bidder Questions

Q12 Can you clarify the Durable Pavement Marking product that is to be used for the Roads Rehabilitation Jasper National Park project? In the specifications there is only a reference to using an Alkyd Paint and not the Durable Pavement Marking that is listed in the Lump Sum Table.

A12 Alkyd Paint (with glass beads for yellow lines) is the preferred product. Durable Pavement Markings is not required.

Q13 Could I get clarification on item #s 25, 51, 91 Deep Patch Repair. The only drawing that seems to pertain to these items is drawing # c405 which describes a shallow mill and fill, but the dimensions and the description seem out of whack, am I to assume that the width of repair should be 400 mm wide and the depth at 50 mm. And does the asphalt mix required for this repair get paid under the applicable items for the ACP Mix type M1 paving.

A13 Deep Patch Repair is intended as a provisional item – there are small areas on each roadway with apparent subgrade failures and pavement deformation. Cores indicate the majority of the existing surface is founded on competent material and pitrun gravel, but it is expected during the rehabilitation that discrete areas may need deeper repairs. This is described in 01 27 00 section 1.4.11.2. The areas are to be determined with the contractor and Departmental Representative and the quantities are expected to be near the tender values.

Works include ACP cutting, excavation, backfill/compaction, GBC, and ACP with appropriate joints. All items are considered incidental to the Deep Patch Bid item but are to be completed with bid items (GBC, ACP) within the contract.

Q14 Item 21 Hydro Seeding states 2.6 m2, should it be 2600 m2?

A14 Hydro Seeding should be 2,600 m2, not 2.600m2

B) Unit Price Table

Unit Price Table Item 21 – Hydro Seeding is clarified to make the following administrative change. The period is changed to a comma in the estimated quantities: 2.600 should read 2,600.

Bidders are instructed to make this change accordingly. If this is missed in the bidders bid, Canada will make this change on behalf of the bidder and use the unit price provided to obtain the correct total extended price.

All other terms and conditions remain unchanged.
