This Amendment 009 is raised for the following:

Answers to bidder questions attached.

Question 26

As per Part 4, Technical Evaluation 1.1 of the tender specs:

Evaluation Sample

If necessary, as part of the technical evaluation to confirm an offeror's capability of meeting the technical requirements, a sample (or samples) may be required upon written notification from the Contracting Authority (production unit, no prototype will be accepted). The offeror shall deliver the evaluation sample(s) at no charge to Canada and shall ensure that the sample(s) is received within the timeframe as directed by the Contracting Authority. Failure to submit the sample(s) within the specified time frame, or non-conformance of the sample(s) to the technical requirements, will result in the offer being declared non-responsive. The sample(s) provided can be returned to offeror upon request, and will not be part of any subsequent order.

Can we get clarified what the specified timeframe is? Also, if we could confirm the color, that would make it much easier.

Answer 26

For the sample clause, there is no specific timeline indicated because, if it were to become necessary, a mutually agreeable timeframe would be negotiated with the bidder(s). This clause is present as a just-in-case scenario, which is a standard practice in many solicitations. It is understandable that, should any samples become required, the technical evaluation period would obviously be extended so as to help bidders provide those required samples.
