

Q&A #1

Date: May 23, 2017

Project: Horse clinic wall resurfacing

Bidders must make sure that their bids are based on the latest version of the tender documents published and take into consideration the following amendments and information, including any information provided in amendments or Q&As previously published for this project.

Bidders that do not comply with this requirement will be discarded.

Question 1:

Do the conduits need to be moved in order to paint underneath them?

Answer 1:

No, the conduits complete with brackets can remain during painting work. Contractor shall paint around them. Conduits themselves do not need to be painted.

All other conditions and requirements remain unchanged.
