Answer: Bidders must demonstrate in their bids what they are proposing to be their level of oversight through identifying where the Core Team and Supporting Team leads or individuals will be located. Frequency of visits shall be identified for those team members that are to be located remotely.

The level of oversight should directly correspond to the Statement of Work requirements such as adequate supervision and management, 24/7 security, emergency and normal service response abilities (Annex A), the CMMS updates, hoteling and janitorial expectations, etc. Some requirements may be able to be done part-time and/or remotely; however, as stated in Section 1.5 (on Page 8) of the Statement of Work, the provision of an internet connection is the responsibility of the Service Provider in order to access servers remotely.
