

Q&A #1

Date: June 1, 2017

Project: Harvesting of hay cuts

Bidders must make sure that their bids are based on the latest version of the tender documents published and take into consideration the following amendments and information, including any information provided in amendments or Q&As previously published for this project.

Bidders that do not comply with this requirement will be discarded.

Question 1:

What did you put for the hay as a fertilizer?

Answer 1:

In grasses, there is 100 kg / ha of 24-12-7.

In alfalfa and red clover, there is 100 kg / ha of 0-20-20.

In the grass/legume mix, there is 100 kg / ha of 0-20-20.

All other conditions and requirements remain unchanged.
