DELIVERABLES / SCOPE OF WORK

The Port Bickerton Search and Rescue Station (SAR) is located in Port Bickerton Nova Scotia. The 2 roofs involved in this project are the main SAR station building and attached garage. Both of these roofs, which measure approximately 300 M² are currently covered in asphalt shingles. The successful contractor will provide all necessary materials and labour to remove the existing shingles and install standing seam metal roof systems on each roof.

FAMILIARIZATION WITH SITE

Before submitting a bid, bidders can visit the site and its surroundings to review and verify the form, nature and extent of the work, materials needed for the completion of the work, the means of access to the site, any accommodations they may require, and in general shall obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their bid or costs to do the work. No allowance shall be made subsequently in this connection on account of error or negligence to properly observe and determine the conditions that will apply.

EXPECTED START AND COMPLETION DATES

The services of the Contractor will be commencing upon contract award. The expected completion date of this project is **October 31, 2017**.

MANDATORY REQUIREMENTS:

- The minimum acceptable amount of Public Liability and Property Damage Insurance is **\$2,000,000.00** per occurrence. All tenders **must** be accompanied by confirmation from the tenderer's insurance company that the required insurance will be available upon contract award;
- The tenderer must provide tender security, at the tenderer's own cost, in accordance with the document entitled "Tender Security Requirements" as Bid Security is required for bids over \$100,000. Under these circumstances, the Tender and **original signed Bid Bond** must be delivered to the Closing Location prior to the closing date.

Note: All tender securities (Bid Bond) will be returned except that of the successful tenderer (Bidder), which will be retained until the successful tenderer (Contractor) has completed the said contract.
