Amendment 002 is issued to provide Bidders with the following documents:

- 1) Drawings
- 2) Meeting Minutes from the Site visit that took place May 30, 2017

All other terms and conditions remain unchanged.

Meeting Minutes

Project: CCTV CAMERAS

Solicitation Number: 21120-174683

Date: May 30, 2017

Location: Grierson Institution CCTV

General:

1. Introduction, project overview (STR) – PWGSC is the Contract Authority – CSC is the Technical Authority – any questions are to be submitted to PWGSC in writing.
2. In the gymnasium, the contractor shall provide a 9 megapixel IP camera to include:
 - 360° monitoring with a wide variety of transmission modes : Panorama,
 - Double Panorama, Quad PTZ, Single PTZ, and Quad streams (H.264)
 - 9 Megapixel images up to 15 fps.
 - Multiple H.264 (High profile) streams and JPEG streams ensure simultaneous real time monitoring and high resolution recording
 - The camera will provide the following displays
 - 9 Megapixel Fisheye Mode
 - Double Panorama mode
 - Panorama mode
 - Quad PTZ mode
 - Single PTZ mode
3. The contractor shall provide network storage capabilities for all cameras for 30 days.
4. Contractors must be Genetec certified to install this network.
5. The contractor is required to provide all camera licenses for recording and live viewing of all cameras.
6. The contractors were informed that after award of contract, that there was a requirement for a start up meeting at each institution.
7. The institution shall provide a security brief to all contractor employees prior to working inside the institution. The time and date shall be determined at the start-up meeting.
8. Site clearances are required for all contractors – request 2 weeks in advance.
9. Commissionaires are not required.
10. Hours of work are generally 07:30 - 11:30 and 12:30 - 16:30 hours Monday – Friday. Extended work hours may be acceptable providing there are no operational issues and sufficient notice. Weekend work may be acceptable, however, Institution to advise at start-up meeting.
11. No sharing of technical information with inmates.

12. The contractor is responsible to remove redundant material from site.
13. The contractor shall abide by all Health and Safety regulations and guidelines, of which includes, fall arrest.
14. The contractor shall install rigid conduit in inmate accessible areas.
15. The institution will provide suitable storage location for tools and equipment. The contractor shall provide lock boxes for their tools.
16. Cell phones cannot be used within Grierson Institution but may be used in other locations of the facility. The institution has offered the use of their maintenance radios, if required.
17. The institution has offered the use of their man-lift. The contractor is required to insure that all their staff possess the necessary certifications to operate this equipment.
18. Information drawings were provided for all contractors as part of the site tour. PWGSC will be providing revised drawings (Project 21120-174683 - Grierson CCTV)
19. Site Tour conducted.

End of Meeting

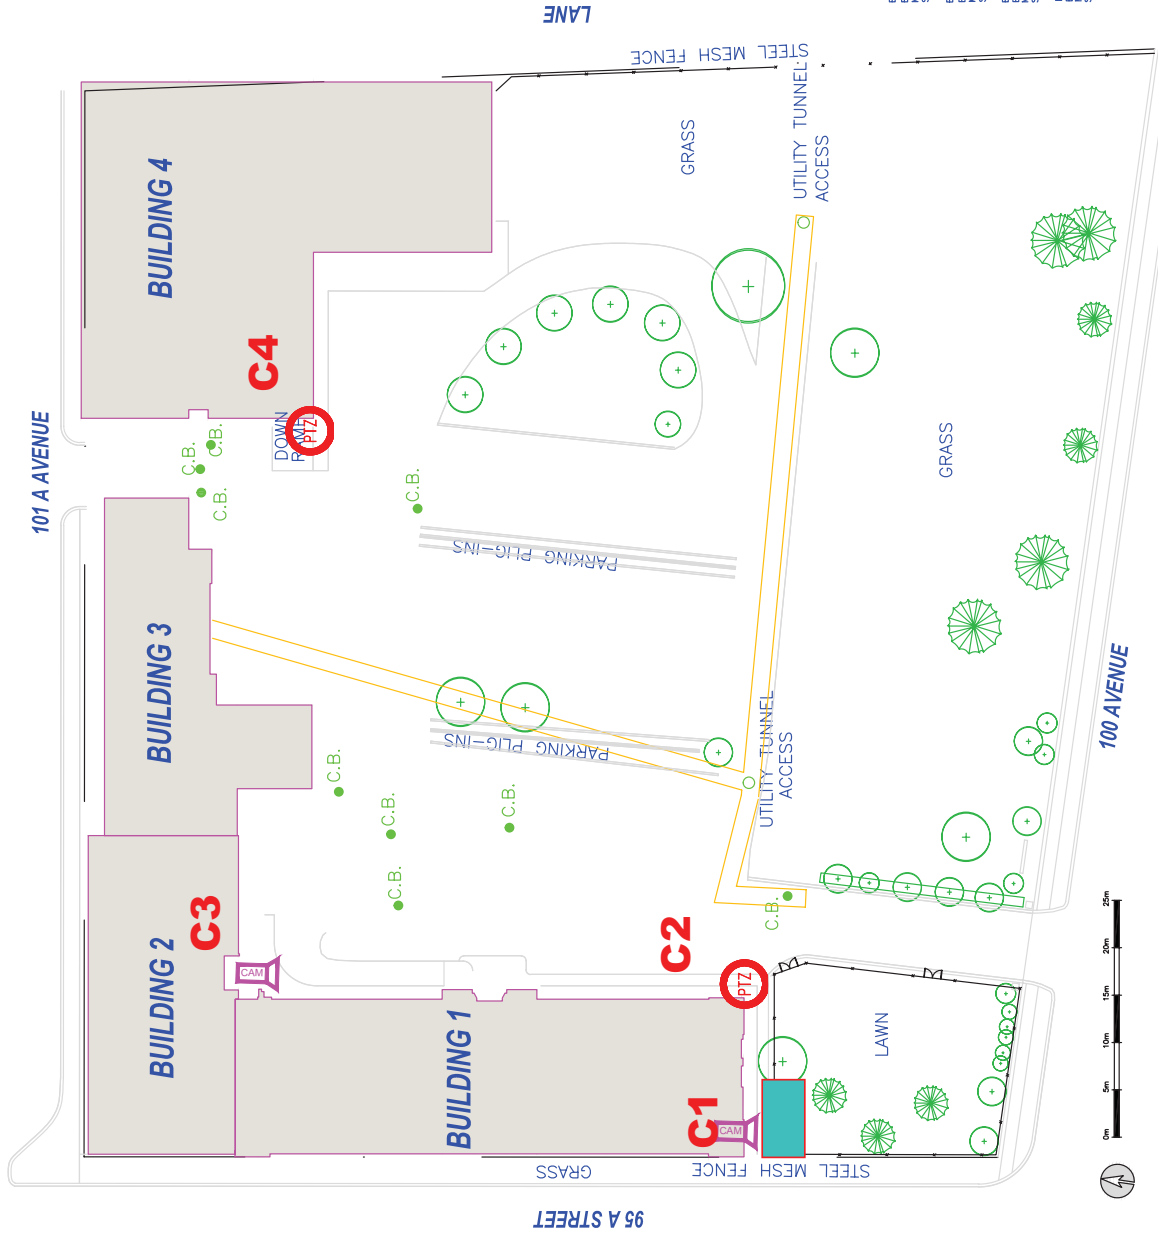

Notes: Blind spot near air conditioner by exit stairway

| DESCRIPTION | OVERALL SITE LAYOUT |
|---|---|
| <p>1. Site Location: The project is located in the northern part of the city, near the intersection of Main Street and Highway 101. The site is bounded by Main Street to the north, Highway 101 to the east, and a residential area to the south and west.</p> <p>2. Site Area: The total site area is approximately 150,000 square feet, consisting of a 100,000 square foot commercial lot and a 50,000 square foot parking lot.</p> <p>3. Proposed Development: The proposed development consists of a three-story commercial building with a total floor area of approximately 120,000 square feet. The building will include retail space on the ground floor, office space on the second floor, and a restaurant/cafeteria on the third floor.</p> <p>4. Parking: The parking lot will provide approximately 100 parking spaces, including 20 disabled parking spaces. The parking lot is located to the east of the building, adjacent to Highway 101.</p> <p>5. Access: The site is accessible via Main Street and Highway 101. A new entrance will be created on Main Street, and an existing entrance will be maintained on Highway 101.</p> <p>6. Utilities: The site is served by the city's water and sewer systems. A new water main and sewer main will be installed to serve the building. The building will also be connected to the city's gas and electric systems.</p> <p>7. Environmental: The site is located in an urban area and is not subject to any environmental restrictions. The project will comply with all applicable environmental regulations.</p> |  <p>The diagram shows the overall site layout, including the building footprint, parking lot, and surrounding streets. The building is a three-story structure with a rectangular footprint. The parking lot is located to the east of the building. Main Street runs north-south to the west of the site, and Highway 101 runs east-west to the east of the site. The site is bounded by Main Street to the north, Highway 101 to the east, and a residential area to the south and west.</p> |

| DESCRIPTION | OVERALL SITE LAYOUT |
|---|---|
| <p>1. Site Access: The site is accessed via a gravel road from the north, leading to a parking area for approximately 10 vehicles.</p> <p>2. Site Features: The site includes a large open area for storage, a small building for equipment, and a fenced-in area for livestock.</p> <p>3. Site Layout: The site is divided into three main sections: a storage area, a building area, and a livestock area.</p> <p>4. Site Details: The site is located on a flat, open area with no significant vegetation. The surrounding area is mostly open land with some scattered trees.</p> |  <p>The diagram shows a rectangular site layout. On the left side, there is a large rectangular area labeled 'Storage Area'. To the right of the storage area is a smaller rectangular area labeled 'Building Area'. To the right of the building area is a rectangular area labeled 'Livestock Area'. A gravel road is shown entering from the top left, leading to a parking area. A fence line runs along the bottom and right sides of the site.</p> |
