QUESTIONS AND ANSWERS:PROJECT TITLE

HOPE ISLAND (PENETANGUISHENE),
ON DEMOLITION PROJECT

QUESTIONS AND ANSWERS

1. Please provide information on the electrical service to the island. During the site visit it appeared that all service to the scheduled structures to be demolished were isolated. How is the new navigation system fed electrically? Please provide clarity so bidders can understand the scope for electrical work and the governing authority?

Answer: All cabling, including underground cabling between structures is to be removed. The navigation light is fed by solar power. Only the submarine cable is to remain.

2. Permits – from which jurisdiction does Hope Island fall under for permits to be obtained? Please provide contact information?

Answer: Hope Island is federally owned.

3. Please clarify to all bidders whether all concrete material must be transported off the island? Can some material be utilized for backfill?

Answer: As per Section 02 41 16 STRUCTURE DEMOLITION Article 3.3.11 All demolished materials to be removed and disposed of, this includes all concrete.

4. Please clarify to all bidders whether all walkways, and what appeared to be a former concrete wharf located north east corner of the fog alarm house is to be removed as well?

Answer: All walkways are to be removed. The reinforced concrete to the North-East corner of the fog alarm building are to be removed. The location, quantity and photographs of the reinforced concrete are shown in previous Amendment.

5. Section 02 41 16 item 1.6.3.3 - Are there contaminated soils associated with this project? It is noted in a number of areas that if the contractor disturbs contaminated soils it is his responsibility to remove them. Please provide the locations of these areas so that they can be avoided.

Answer: Refer to the 'Site-Specific Risk Assessment, Hope Island Lightstation, L.L. 857, Georgian Bay, Lake Huron, Ontario, June 2005' for information regarding the contaminated soil. (See attachment 10 on Buyandsell).
