This amendment is being raised to address the following questions with regards to solicitation No. M5000-178069/A

Q1. All of our pricing is based on the number of bibliographic records currently in the system. I do not see that information anywhere on the bid so could you please supply that information to us?

A1 - The current number of records in the system is approximately 6000.

Q2. We support an open source product and as such there are no proprietary licenses or ownership issues with the software. That said, how would we complete Form 3 “Software Publisher Information”? Technically, being open source everyone and no one owns the software, and there is no entity who needs to give permission to us to use the system. Any information you can provide regarding this issue would be appreciated

A2 – If the form does not apply, please just state Not Applicable and the reason on the form.
