### **Amendment #1**

**THE PURPOSE OF THIS AMENDMENT IS TO PROVIDE DETAILS TO THE TECHNICAL SPECIFICATIONS.**

**YOU MUST CONSIDER THE INFORMATION IN THE EVALUATION OF YOUR BID.**

Q1. Can you confirm CCA (Chromate Copper Arsenate) is the preservative being used on all of the bridge timber structure, rails and framing.

A1. Yes, all timber is to be treated with CCA as per spec and the general notes on the drawings. Incising is not permitted (for aesthetics reasons). Timber is then to be coated with stain as detailed in the spec and drawings.

Q2. Can you confirm the contractor is responsible for all seat work if required on abutments?

A2. Contractor is responsible for all required work to the abutments (unless PCA wants to do the minimal stone work themselves).

Q3. West abutment is poured on existing stone wall which is to remain and East abutment is the existing drawbridge mounts correct?

A3. Correct. There will be a little stone work on the west abutment, removing and replacing the affected stone walkway leading up to the bridge and also removing and replacing the small stone backwall which extends for the width of the new concrete abutment and diagonal bracing for the barrier.

End of section.

**THE BID CLOSING DATE REMAINS THE SAME.**

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.**

---

**Signed copy of this amendment should accompany each tender. If your tender has already been submitted please sign and fax the amendment along with any revisions to tender price, to this office before the close of Tender.  
Fax: 418 649-6971.**
