AMENDEMENT 003

Title:

Included in the present amendment:

1. Questions and answers 5 to 8
-

QUESTION ET ANSWERS:

Question 5: On pages A02 and A03 of plans, in the Notes – Site Plan, it says at 02: "*CHIMNEY BASE (MASONRY LOW STONE WALL) TO BE DISMANTLE AND REASSEMBLE UP TO THE HEALTHY PART OF MASONRY.*" ; could you provide us more information on the area to dismantle and quantity?

Answer 5: The amount depends on the actual condition of the masonry of that part. The Volume of dismantle/reassemble is included in the amounts in Price Combined Form. For calculation, we estimated a volume of approximately 4.86 m.cu. on a height of 600mm from the top of the wall.

Question 6: Considering the history of this remain, have you foreseen the use of a specialized company in masonry restoration using a qualification?

Answer 6: Yes, this requirement, among other, is at Section 04 03 07 of the Specifications, article 1.7.

Question 7: In the Price Combined Form, would it be possible to break down the quantities of repointing regarding percentage of each zone?

Answer 7: We did not foresee to break down the amounts for each zone of repointing but the selected Contractor could make such ventilation if he wants after opening bid. The surface of repointing indicated in the Price Combined Form is the total of all surface percentages for each zone identified on plans.

Question 8: Do you understand that a repointing area at 10%, 50% or 100% do not costs the same?

Answer 8: Absolutely, the repointing percentages were determined by existing joints condition. See answer at Q7.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
