4. Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of work.

5. Public Works and Government Services Canada Apprentice Procurement Initiative

1. To encourage employers to participate in apprenticeship training, Contractors bidding on construction and maintenance contracts by Public Works and Government Services Canada (PWGSC) are being asked to sign a voluntary certification, signaling their commitment to hire and train apprentices.

2. Canada is facing skills shortages across various sectors and regions, especially in the skilled trades. Equipping Canadians with skills and training is a shared responsibility. In Economic Action Plan (EAP) 2013, the Government of Canada made a commitment to support the use of apprentices in federal construction and maintenance contracts. Contractors have an important role in supporting apprentices through hiring and training and are encouraged to certify that they are providing opportunities to apprentices as part of doing business with the Government of Canada.
3. Through the Economic Action Plan 2013 and support for training programs, the Government of Canada is encouraging apprenticeships and careers in the skilled trades. In addition, the government offers a tax credit to employers to encourage them to hire apprentices. Information on this tax measure administered by the Canada Revenue Agency can be found at: www.cra-arc.gc.ca. Employers are also encouraged to find out what additional information and supports are available from their respective provincial or territorial jurisdiction.
4. Signed certifications (Appendix 2) will be used to better understand contractor use of apprentices on Government of Canada maintenance and construction contracts and may inform future policy and program development.
5. The Contractor hereby certifies the following:

In order to help meet demand for skilled trades people, the Contractor agrees to use, and require its subcontractors to use, reasonable commercial efforts to hire and train registered apprentices, to strive to fully utilize allowable apprenticeship ratios * and to respect any hiring requirements prescribed by provincial or territorial statutes

The Contractor hereby consents to this information being collected and held by PWGSC, and Employment and Social Development Canada to support work to gather data on the hiring and training of apprentices in federal construction and maintenance contracts.

To support this initiative, a voluntary certification signaling the Contractor's commitment to hire and train apprentices is available at Appendix 2.

If you accept fill out and sign Appendix 2

** The journey-person-apprentice ratio is defined as the number of qualified/certified journeypersons that an employer must employ in a designated trade or occupation in order to be eligible to register an apprentice as determined by provincial/territorial (P/T) legislation, regulation, policy directive or by law issued by the responsible authority or agency.*

SECURITY REQUIREMENTS CHECK LIST

REFER TO ATTACHED DOCUMENT.

ANNEX I

TLICHO LAND CLAIMS AND SELF-GOVERNMENT AGREEMENT

In this requirement, it is not mandatory for Offerors to include the Aboriginal Opportunity Consideration (AOC) as part of their proposal.

This procurement is subject to the **Tlicho Land Claims and Self-Government Agreement**.

Offerors are requested to maximize Aboriginal employment, subcontracting and on-the-job training opportunities, and involve local, regional and Aboriginal citizens and businesses, in carrying out the work under this project.

The CLCA contains a provision requiring the inclusion of socio-economic bid criteria in the solicitation document, when practicable and consistent with sound procurement management principles, and subject to Canada's international trade agreement obligations. These socio-economic bid criteria are often referred to as Aboriginal Opportunity Considerations (AOC), and offerors propose Aboriginal opportunities in their bid submission.

The proposed requirement is subject to the Tlicho Land Claims Agreement and Self-Government Agreement. The requirements of the Tlicho Land Claim and Self Government Agreement will apply to this procurement. The provisions that apply are contained in: Chapter 26 – Economic Measures, of the Tlicho Land Claim and Self Government Agreement, clauses 26.3, 26.3.1 (a). http://www.aadnc-aandc.gc.ca/DAM/DAM-INTER-HQ/STAGING/texte-text/ccl_fagr_nwts_tliagr_tliagr_1302089608774_eng.pdf

ABORIGINAL OPPORTUNITIES CONSIDERATIONS

Evaluation and Assessment of AOC Guarantee

For an offer to be assigned points for guarantees made in respect of any AOC offer criteria, the offeror must provide proof with their offer to demonstrate how they will meet the objective of each criterion. Offerors may use the attached GUARANTEE TABLES to supplement the AOC submission provided in their offer.

Proof of efforts and/or guarantees made by the Offeror should include, but not be limited to, the names of persons or companies contacted and the nature of the undertakings at the time of the submission as applicable. Offerors must ensure their AOC documentation demonstrates sufficient evidence to assess the compliance of their offer against the criteria listed herein. It is the Offeror's responsibility to provide sufficient information in its offer to enable the Evaluation Committee to complete its evaluation. Offerors must include all reference material to be considered. Only material and/or documents submitted as part of the offer proposal will be considered. URL links to website will not be considered. Canada reserves the right to verify any information provided in the AOC guarantee and that untrue statements may result in the tender being declared non-responsive.

Contractor Selection

The Contractor selection will be based on the highest responsive combined rating of AOC and price. The ratio will be 10% for the AOC and 90% for the price.

$$\text{AOC Score} = \frac{\text{Offeror's' Points}}{\text{Maximum Points}} \times 10\%$$
