For the Minister - Pour le Ministre		

Amendment 002 includes two sections: Section 1, to answer bidder questions and Section 2, to make changes to the solicitation in Section 2.

Section 1 - Bidder Questions

- Q1:** With regards to the Government of Canada Green procurement policy would a preference be given to chemicals that are ECOLOGO certified?
- R1:** CFB Borden makes every effort to ensure it meets green procurement requirements through environmentally friendly products however, operational requirements also require products to meet the needs of the base environment. Therefore preference will not be given to ECOLOGO products however, CFB Borden encourages suppliers to provide ECOLOGO products where possible.
- Q2:** As product dilution rates vary, which may change the end cost in use through a dilution system. Would the crown in Annex E like to have the proposal include both dilution rates & end cost in use based on jug selling price?
- R2:** CFB Borden does not require dilution rates.
- Q3:** If we can offer a one product solution that can replace several of the chemicals requested in Annex E, would the crown be interested in this consolidation? A sample and demonstration of performance is also available.
- R3:** CFB Borden is not interested in a one product solution at this time.
- Q4:** In order to ensure that products would work with current dilution systems can you please advise which systems are being used today?
- R4:** CFB Borden does not use dilution systems.
- Q5:** If new dilution systems are required please advise how many units would need to be supplied.
- R5:** CFB Borden will not require dilution systems for this requirement.
- Q6:** As DND has banned ammonia based products in most sites, should products be listed that are ammonia free (Example glass cleaner)
- R6:** Yes, all proposed products must be ammonia free.
- Q7:** As this RISO is for the Government of Canada, would preference be given to products that are manufactured in Canada?
- R7:** No, as this requirement is applicable to the International Trade Agreements, preference cannot not be given to Canadian products.
- Q8:** Item 85, Heat Resistant Gloves - Can the crown please specify max temperature, type of food and desired material?
- R8:** This item will be removed from the requirement. Changes will be made to Annex E – Appendix 1 in this amendment as well as the Excel file posted on Buy & Sell.
- Q9:** Item 83, Pot washing Gloves - Can the crown please specify preferred material?
- R9:** CFB Borden requires natural rubber latex.
- Q10:** Item 69, Strong Disposable Nitrile Gloves - Can the crown please specify desired thickness?
- R10:** As long as they are strong and durable there is no specific thickness required.
- Q11:** Item 8, Roll Paper Towels White 1000' – Can we offer a different brand paper towel and offer the dispensers and installation at no cost as mentioned in Page 13. The Opti serv is a proprietary dispenser and only that brand paper roll will fit those dispensers.

Solicitation No. - N° de l'invitation
W0113-17CL01/A
Client Ref. No. - N° de réf. du client
W0113-17CL01

Amd. No. - N° de la modif.
002
File No. - N° du dossier

CCC No./N° CCC - FMS No./N° VME

R11: CFB Borden will accept new dispensers however, the dispensers must remain at the base after the conclusion of the Standing Offer and must not be a proprietary system.

Section 2 - Changes to the Solicitation

At Page 1, Solicitation Closes

Delete: 2017-08-08
Insert: 2017-08-16

At Annex A, Requirement, Section 3. Dispensers

Delete:

If the Offerors products are not compatible with currently installed dispensers, the Offeror must provide dispensers and installation as well as provide repairs/replacement of all dispensers on-site at no Cost to the Crown.

Insert:

If the Offerors products are not compatible with currently installed dispensers, the Offeror must provide dispensers and installation as well as provide repairs and replacement of all dispensers on-site at no cost to the Crown.

The Offeror must leave the dispensers after the conclusion of the Standing Offer to allow continued use to CFB Borden. All dispensers must not be a proprietary system.

At Annex E, Evaluation, Annex E – Appendix 1

Delete in its entirety.

Insert the attached document.
