Task-based Request for Supply Arrangement
Period 1 Refresh
Questions and Answers

Q 1

In the case of Stream 5, Professional Engineer Category (5.4), would a contract to provide engineering support by graduate engineers that do not necessarily hold a Professional Engineering licence be deemed acceptable as long as they have been performing "similar services" to those listed within the prescribed times?

A 1

Yes. For the purposes of substantiation, as per Mandatory Requirement M.3.1 on Page 29 of the published Request for Supply Arrangement (RFSA), the reference must only confirm that the services provided by the bidder (identified by the supplier's legal name) and that the provided services were similar to the descriptions provided for the category. Individual resumes, credentials and qualifications of consultants are not evaluated by TSPS during the task-based solicitation evaluation.

Q 2

As described at Mandatory Requirement M.3.3 on page 30 of the RFSA, the process to determine the compliancy of each Category involves sending a substantiating email to each reference with a relatively short time to respond. If a response to this email is not received by due date stated in the original email (one week from our experience), the Bidder will simply be declared non-compliant for this category. In the event that the first reference does not respond by the due date stated in the original email, would the Crown consider advising the Bidder of this event and request that the Bidder ensure the availability of the second reference, and if warranted, propose an additional reference?

A 2

No. It is for this reason that the alternate e-mail address field is provided for bidders. As per Mandatory Requirement M.3.1 on Page 29 of the RFSA, should no response be received from the first e-mail address, the alternate e-mail address will be contacted. The alternate e-mail address can be "an alternate email address for the first reference (e.g. a work email address versus a personal email address) or an email address of a completely separate individual representing the same project."

Q 3

Would it be possible to get an estimate of the time references will be contacted following RFSA closure, so that we can ascertain references availability to respond to the substantiating email?

A 3

No. As explained in Part 4.1 Evaluation Procedures on page 17 of the RFSA, the exact schedule of the evaluation steps cannot be pre-determined by the evaluation team and steps may be conducted consecutively, concurrently, or out of sequence. In Mandatory Requirement M.3.2 on Page 29 of the RFSA, bidders are encouraged to inform their references that PWGSC may be contacting them via email to validate the information during this bid evaluation period. The estimated closing date and resulting award date of each bidding period is provided on page 38 of the RFSA and effectively compose the anticipated evaluation period.

All other terms and conditions remain unchanged.
