This solicitation amendment 15 is to respond to provide clarifications and answer bidder questions.

Clarification 1

Please note that the links to the French and English amendment 14 "Solicitation Documents" on the buyandsell Tender Notice page were inadvertently reversed.

Clarification 2

The revised English and French Schedule A release under amendment 14, incorrectly numbered the Article 4 "Task Authorizations (Labour Rates and Mark-Up Rates)" as a second Article 1.

DELETE the title of Volume 2 Article 1 "Task Authorizations (Labour Rates and Mark-Up Rates)", in its entirety, and

REPLACE the above deleted Article title with the following:

4. Task Authorizations (Labour Rates and Mark-Up Rates)

Clarification 3

The French version of amendment 13 contained inconsistencies for required changes related to clarification 2 and question 4. The French version of amendment 15 contains clarifications to correct these French inconsistencies. The English version of amendment 13 is correct and is not impacted by the inconsistencies.

Clarification 4

Tailored Security Control Profile was a concept that was present in the draft Request for Proposal process. This concept is no longer present in the Request for Proposal. Unfortunately, one reference instance was not removed from requirement SOWP-777 in Volume 2 Annex B Statement of Work Acquisition and Volume 1 Annex D Appendix 9 Compliance Matrix Statement of Work Acquisition. This clarification amends SOWP-777 to use the same terminology that is consistent with the related security requirements SOWP-1074, SOWP-751, and SOWP-747.

AMENDMENTS TO VOLUME 2 ANNEX B STATEMENT OF WORK ACQUISITION, AND VOLUME 1 ANNEX D APPENDIX 9 COMPLIANCE MATRIX STATEMENT OF WORK ACQUISITION, ARE AS FOLLOWS:
(Changes are identified in yellow highlight)

- 1) DELETE Volume 2 Annex B Statement of Work Acquisition Article 5.3.5.9.3 (SOWP-777), in its entirety, and
- REPLACE the above deleted Article with the following:
- 2) DELETE Volume 1 Annex D Appendix 9 Compliance Matrix Statement of Work Acquisition Article 5.3.5.9.3 (SOWP-777), in its entirety, and
- REPLACE the above deleted Article with the following:

ID		Requirement Type
SOWP-777	5.3.5.9.3 The SRTM must demonstrate how the implementation of security solutions in the design meets the security outcome requirements and all other derived security requirements resulting from the architecture design process.	Mandatory

ID		Requirement Type	Compliance Demonstration Method	Bidder's Response	Evaluation of Bidder's Response	Compliant (Y/N)
SOWP-777	5.3.5.9.3 The SRTM must demonstrate how the implementation of security solutions in the design meets the security outcome requirements and all other derived security requirements resulting from the architecture design process.	Mandatory	D
