QUESTION AND ANSWER SERIES 3:

Q8. For item number 59.0 (code: POWR-01) the identified model, Smart Socket: K62691NA Premium Adapter, cannot be found on the supplier's website. Can Public Services and Procurement Canada (PSPC) identify an acceptable substitute?

A8. The model indicated for POWR-01 in Attachment 1 to Annex A has a typo, the revised model number is K62691NA. PSPC has found confirmed with the supplier that the Smart Socket: K62691NA Premium Adapter is still in production.

Q9. This is a follow-up question to Q&A #2:

"The RFP asks for a special bronze finish to match the control sample, but the bidder does not have that control sample to go off of. The bidder has a standard bronze finish, can they use this one for the pricing?"

The manufacturer requires further information to price the custom metal finish. The manufacturer is requesting that an RAL colour, or a sample to be shared. Can PSPC please advise what is possible?

A9. The bronze is to match an oil rubbed bronze – dark brown colour. For a commercially available acceptable colour match: products from Forms + Surface colour oil-rubbed bronze – door handles or handrails are suitable.
