**In person or by mail:  
Place Bonaventure, 1st Floor  
800 de la Gauchetière Street West  
Suite 1110  
Montreal (QC), H5A 1L6**

### **PROJECT TITLE: Development of enabling space technologies**

The above mentioned Request for Proposal (RFP) is hereby amended to answer questions received:

### **For Priority Technology 1 (PT- 1): Autonomy Software Framework (ASF)**

#### **Question 1:**

**Reference:** On RFP page 33, Section 5 – Scope of Work, the RFP indicates two phases with 40% effort recommended for Phase 1 and 60% for Phase 2.

**Question:** The RFI# 9F063-160957-A, issued on March 28<sup>th</sup> had these reversed. Please confirm that the recommended levels of effort in the RFP SOW are as intended.

#### **Answer 1:**

One must realize these are only recommended values. In order for these values to be interpreted as such, the text shall now read, for each phase (1 and 2), as follows: "Recommended Level of Effort should be comprised between 40% and 60%."

#### **Question 2:**

**Reference 2a:** On RFP page 45, Section 11 – Government Furnished Equipment (GFE) / Government Furnished Information, it is indicated that the draft meta-model and the Cis-Lunar Station Environment will be delivered before the end of Phase 1.

**Reference 2b:** On RFP page 37, Section 5.2 Functional Characteristics and Performance Requirements, MANDATORY-REQ-25 indicates that the draft SMM meta-model would not be available until the end of Phase 1.

**Question:** Please indicate how many months before the end of Phase 1 each of these GFE items can be made available.

#### **Answer 2:**

CSA will provide the draft meta-model and station environment in time to meet the needs of the study work. Preferred timing will be established at the kick-off meeting.

**ALL OTHER TERMS AND CONDITIONS OF THE RFP REMAIN UNCHANGED**
