

**Part 1            General**

**1.1                RELATED REQUIREMENTS**

- .1        Section 01 33 00 – Submittal procedures

**1.2                ACTION AND INFORMATIONAL SUBMITTALS**

- .1        Provide submittals in accordance with Section 01 33 00- Submittal Procedures.

**1.3                SURVEY STATEMENT**

- .1        The statement must be made following the work progresses and submitted to the Departmental representative for computer support (e-mail, USB key, FTP site, etc.) at the latest 24 hours after the survey.
- .2        Perform a survey statement compatible with Autodesk Civil 3D software, version 2015 or less recent version, at each key milestone of the project. In addition to the statement on media compatible with Autodesk civil 3D, a dater file (ASCII) with description of each point must be provides for each data transmission.

This survey shall be georeferentiated and in tidal datum elevation as a function of the benchmark indicated on the plan and shall include the following data of project:

- .1        Elevations and location of excavation levels.
- .2        Elevations and location of the quarry run (including bottom of slope).
- .3        Elevations and location of each layer of stone for enrockment (including bottom of slope).
- .4        Elevations and location of land development – service area of the street.
- .5        Elevation and location of the temporary work platform (if built).

**1.4                AS BUILT DRAWING**

- .1        Contractor must prepare an « as built drawing » (AutoCAD files) and hand it to the Departmental Representative at the end of the work. As built drawing must contain the following information:
  - .1        Elevation and location of various items specified in paragraph 1.3.
  - .2        Elevation, location and drawings of all relative items to change orders realized in this project.
  - .3        Elevation, location and drawing of all items encountered but not illustrated on construction plan (example: Rock, waste materials, vestiges of construction, posts, curbs, etc.).

**1.5                DECONTAMINATION REPORT**

Ajouter le paragraphe traduit par Réal Vaudry se trouvant également dans la section 01 74 25

**Part 2            Products**

**2.1                NOT USED**

.1                Not Used.

**Part 3            Execution**

**3.1                NOT USED**

.1                Not Used.

**END OF SECTION**
