Amendment 008 has been raised to make the following changes and answer the following questions:

Question 1: The 27 cu. yd compactor cleaning and deodorizing service appears to be in the pricing table twice, at location A) 3f and B) 3a. Are proponents meant to enter pricing in both areas?

Answer 1: Yes, one is a firm requirement and one is an "as and when" requirement.

Question 2: Please clarify what the requirements are for the building 700 LEED service as it relates to the 6yd Front Load Recycle container.

Answer 2: LEEDs buildings recycle, so the bins are setup to accept mixed / co-mingled recycling.

Question 3: Pricing table B) 2d reflects disposal fees for dry/wet garbage, however the unit of measure indicated is per load. Should this read per tonne considering the estimated annual usage is 120 tonnes?

Answer 3: Yes, the pricing should read per tonne, this change has been added under Annex "B", Basis of Payment, "as and when" requirement, item 2d.

Question 4: In amendment #5 the response to question #9 indicates that the recycle compactor service, all applicable fees, including recycle processing, should be factored into the firm unit prices. In order to provide pricing in this manner, there does not appear to be a suitable category on the pricing tables, is it possible to provide a category for this purpose?

Answer 4: Servicing of the rental equipment is to be covered by the contractor. Compactor rental fees is under Annex "B", Basis of Payment, firm requirement, items 6a and 6b. Recycle processing fees must be factored in to the firm unit prices.

On page 31 of 42, under **Annex "B", Basis of Payment**

DELETE: In its entirety
