Questions and Answers

Question 1:

During the visit on August 4, the consensus amongst the contractors present was that 25 hours of sling time with the Coast Guard helicopter was definitely not adequate for the job. Would any consideration be given to increasing the amount of hours provided?

Answer 1:

Helicopter hours to be increased to 50 hours.

Question 2:

Which helicopter would be made available as there are different lifting capacities for the different helicopters with Coast Guard?

Answer 2:

Bid to be based on a helicopter lifting capacity of 3000 lbs.

Question 3:

The flying time provided by the client, is there a breakdown of how this can be divided? As in, can it be used to transport personnel? Is there a minimum call out (eg. 5 hours, 10 hours, etc.)

Answer 3:

Helicopter can be used to transport personnel but no separate trip from St. John's to transport personnel. Contractor to ensure efficiency of helicopter usage.

All other Terms and Conditions for this requirement remain unchanged.
