Solicitation Amendment 001 is raised to make the following revisions and address Bidder questions as follows:

**\*NOTE: The Solicitation Closing date has been extended to 2017-08-30 at 2:00 p.m. PDT.**

## **ANNEX "A" – STATEMENT OF WORK**

### **2.2 Personnel (Inspection Team) Requirements**

**DELETE in its entirety.**

**INSERT:**

### **2.2 Personnel (Inspection Team) Requirements**

2.2.1 The Contractor must provide the following personnel as required by codes, standards and regulations to complete the maintenance, inspections, testing and certification of the lifting devices:

#### **2.2.1.1 Crane Inspector**

2.2.1.1.1 Must be **registered in the Province of BC;**

2.2.1.1.2 Must have a minimum of **10,000** hours experience relating to the inspection, maintenance, repair, and modification of lifting devices, including Portal Level Luffing and Mobile Cranes.

#### **2.2.1.2 Professional Engineer**

2.2.1.2.1 Must be **registered in the Province of BC;**

2.2.1.2.2 Must have a minimum of **200** hours experience in the inspection of Portal Level Luffing and Mobile Cranes;

#### **2.2.1.3 Certified NACE Engineer**

2.2.1.3.1 National Association of Corrosion Engineers – Minimum Level II Certification;

2.2.1.3.2 As defined by CSA B167;

#### **2.2.1.4 Non-Destructive Testing (NDT) Technicians**

2.2.1.4.1 Minimum Level II;

2.2.1.4.2 Must meet the requirements of CAN / CGSB-48.9712;

#### **2.2.1.5 Applicable Trades Person(s)**

2.2.1.5.1 Electricians, mechanics, millwrights and other trades people as required for the Work;

2.2.1.5.2 All trades persons must be qualified to the BC Provincial trade requirements for a trade relevant to the Work, carrying the associated valid and current trade license or certificate for the duration of the Work;

- 2.2.2 Contractor's personnel who maintain and inspect the lifting devices must have proof of experience with the types of lifting devices they are maintaining or inspecting. They must have training on the safe operation of lifting devices. They must be knowledgeable about safe working procedures including, but not limited to, confined spaces lock-out and fall protection procedures.
- 2.2.3 The Contractor's personnel that operate the lifting devices must meet the codes, standards and regulations including, but not limited to, the following:
- 2.2.3.1 Relating to Mobile Cranes, a person who meets WorkSafe BC Part 14-Operator Certification.
- 2.2.4 The Contractor must provide the qualifications of Contractor's employees' and any subcontractors' employees used for the Work to the Site Authority for approval. The Contractor must maintain and provide an electronic spreadsheet of personnel qualifications. Refer to Table 2-4 for deliverable requirements.
- 2.2.5 Where a minimum amount of experience is required, sufficient detail must be provided to support each employee's experience including the following:
- 2.2.5.1 Employee name.
- 2.2.5.2 Education, training courses or other relevant courses completed by the employee, including date of course and, where applicable, expiration date of the course or training.
- 2.2.5.3 Employee work history to support number of years of experience. Employee history must include the name of the employer, duration of employment with each employer, and a brief job description highlighting the activities that are relevant to the employee's position (e.g. crane inspector). For the purposes of this Work, duration is considered the period employed in each position, not specifically the time completing each activity. For example, it is possible for a person who completes maintenance on cranes to have field time, shop time, office time and a percentage of down time between repairs; the total of this time would be considered for the experience duration.

### **ANNEX A3 – MANDATORY EVALUATION CRITERIA**

**DELETE in its entirety.**

**INSERT:**

### **ANNEX A3 – MANDATORY EVALUATION CRITERIA**

**A Bid must comply with the requirements of the Solicitation and meet all mandatory technical evaluation criteria listed below to be declared responsive and given further consideration in the evaluation process.**

In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria under the same headings.

Item	Mandatory Technical Evaluation Criteria	Complies	Does not comply	Bid Reference Pg. #
<p><b>Bidders must submit the following technical information with their bid.</b></p> <p><b>Failure to provide this information with the bid will render the bid non-responsive.</b></p>				
M1	<p><b><u>Corporate Experience</u></b></p> <p>Bidders must provide details of 2 contracts completed within the last 10 years, which are similar in scope and value to the Inspection of Rail Mounted and Mobile Cranes requirement detailed in Annex A.</p> <p>Each contract reference <b><u>must include</u></b> the following details:</p>			
M1.1	<p><b><u>Contract Reference No. 1</u></b></p> <ul style="list-style-type: none"> <li>• Description of the Work:</li> <li>• Start/End Dates:</li> <li>• Contract Value \$:</li> <li>• Client/Company name and contact information whom Canada may contact directly to verify the information provided, if required.</li> </ul>			
M1.2	<p><b><u>Contract Reference No. 2</u></b></p> <ul style="list-style-type: none"> <li>• Description of the Work:</li> <li>• Start/End Dates:</li> <li>• Contract Value \$:</li> <li>• Client/Company name and contact information whom Canada may contact directly to verify the information provided, if required.</li> </ul>			
M2	<p><b><u>Personnel (Inspection Team) Requirements</u></b></p> <p>The Contractor must provide the following personnel as required by codes, standards and regulations to complete the maintenance, inspections, testing and certification of the lifting devices:</p>			

Item	Mandatory Technical Evaluation Criteria	Complies	Does not comply	Bid Reference Pg. #
M2.1	<p><b>Crane Inspector</b></p> <ul style="list-style-type: none"> <li>• Must be <b>registered in the Province of BC</b>;</li> <li>• Must have a minimum of 10,000 hours experience relating to the inspection, maintenance, repair, and modification of lifting devices</li> </ul> <p><b>Bidders must provide:</b></p> <ul style="list-style-type: none"> <li>• Proof of certification</li> <li>• Description of experience</li> </ul>

**ANNEX B – BASIS OF PAYMENT**

**DELETE in its entirety.**

**INSERT:**

**ANNEX B – BASIS OF PAYMENT**

Only a PWGSC 572 Task Authorization Form can be used for requesting work against this Contract. Part of this Contract will be firm priced, scheduled inspections. Call out Inspections and Maintenance work shall be on an 'as and when' requested basis in accordance with the Terms and Conditions of the Contract.

Esquimalt Graving Dock, PWGSC will issue a PWGSC 572 Task Authorization as follows:

- i. The Technical Authority prepares a Statement of Work (SOW) describing the task using the PWGSC 572 Task Authorization (TA) form;

- ii. The Esquimalt Graving Dock Technical Authority submits the PWGSC 572 TA form containing the SOW to the Contractor;
- iii. The Contractor reviews the Task SOW and provides a Quote, using the PWGSC 572 TA form on the level of effort (LOE) to complete the task to the Esquimalt Graving Dock Technical Authority, using the rates established in the Contract.
- iv. The Esquimalt Graving Dock Technical Authority reviews the LOE Quote with DND Financial Authority and seeks approval to proceed;
- v. If the Quote is within the Esquimalt Graving Dock task approval financial ceiling limitation, the Esquimalt Graving Dock Technical Authority signs the PWGSC 572 TA form and forwards a copy to the Contractor and to the Contracting Authority. The Contractor can begin work after receipt of an authorized PWGSC 572 TA form.
- vi. If the Quote exceeds the Esquimalt Graving Dock task approval financial ceiling limitation, the PWGSC Contracting Authority must also sign prior to DND releasing it to the Contractor.
- vii. Amendments to the PWGSC 572 TA form require completion of a PWGSC 572 amendment form. The Esquimalt Graving Dock Technical Authority will approve tasks where the amended value is within the threshold established in the Contract. The PWGSC Contracting Authority must sign any amendment that exceeds the threshold before the Esquimalt Graving Dock Technical Authority releases it to the Contractor.
- viii. The Contractor may not begin work before receiving the approved PWGSC 572 TA form. The list below identifies the requirements of the Esquimalt Graving Dock, PWGSC. All rates shall remain firm for the complete period of the Contract. Estimated usage provided, is only an approximation of the requirement given in good faith. Canada shall not be bound to accept services in the quantity specified, but only for those hours actually required and used by the Consignee on an as and when requested basis.

**Materials**

Material and replacement parts (except any free issue items) shall be charged at laid down cost (which includes invoice cost, transportation costs, exchange, customs and brokerage charges as applicable) plus a firm **Mark-up %** excluding Goods and Services Tax (GST) which must be shown as a separate item on the invoice for payment. Verification by providing copies of receipts attached to invoices, or at time of payment, will be requested by the Consignee.

### CALL-OUT RATES

Service Calls: Service calls can be charged at a firm Call-out Rate, when authorized by the EGD Project Authority.

Call-out rates do not apply to regular routine inspections above, but only for miscellaneous repairs and other miscellaneous related work in conjunction with EGD Cranes and Lifting Devices. Call-out rates from the Contractor's site to the Esquimalt Graving Dock shall include Travel Time to the job site, plus one (1) hour of productive labour in the performance of the work. Call-out rates can only be charged once for each individual authorized PWGSC 572 Task Authorization.

<b>TABLE 3 – CALL-OUT RATES</b>

<b>TABLE 3 TOTAL – CALL OUT RATES</b>						<b>\$ _____</b>

**Labour**

The rates below shall include all Labour, Supervision, Transportation and Equipment to the site. These rates shall remain firm for the complete period of the Contract and shall exclude any applicable taxes, such as Goods and Services Tax, which must be shown as a separate item on the invoice for payment. No mark-up will be permitted on labour.

- **Regular Hours:** Regular Working Hours, Monday – Friday, 0800-1600 hours
- **Outside Regular Hours:** Outside Regular Working Hours, Monday – Friday and all day Saturday
- **Sunday/Stat Holidays:** Sunday and Statutory Holidays
- **Emergency Rates:** As soon as possible up to a maximum of 4 hours response time

The Contractor shall provide the following personnel to complete the work in accordance with Annex A – Statement of Work.

### Time Verification

Time charged and the accuracy of the Contractor's time recording system are subject to verification by Canada, before or after payment is made to the Contractor. If verification is done after payment, the Contractor must repay any overpayment, at Canada's request.

### Overtime

No overtime work shall be performed unless authorized in advance and in writing by Canada's authorized representative. Any request for payment at the rate(s) specified in the Contract must be accompanied by a copy of the overtime authorization PWGSC 572 Task Authorization and a report containing such details as Canada may require with respect to the overtime work performed pursuant to the written authorization.

### Tools

The Contractor shall ensure that each tradesman has all necessary tools and equipment required to complete any job. No rental charges will be paid for tools or equipment incidental to the trade. Technical direction will be responsibility of the EGD Technical Authority or his delegated representative.

## ANNEX F – REPORTING REQUIREMENTS – PERIODIC REPORTS

**DELETE in its entirety.**

**INSERT:**

## ANNEX F – REPORTING REQUIREMENTS – PERIODIC REPORTS

### Periodic Usage Reports

The Contractor must compile and maintain records on its provision of services to the federal government under authorized Task Authorizations issued under the Contract.

The Contractor must provide this data in accordance with the reporting requirements detailed below. If some data is not available, the reason must be indicated. If services are not provided during a given period, the Contractor must still provide a "NIL" report.

The data must be submitted on a quarterly basis to the Contracting Authority no later than 30 calendar days after the end of the reporting period. GST shall be included in the Total charges below.

**QUESTIONS AND ANSWERS:**

**Q1:** Annex A3 (Table of Evaluation Criteria) Item M1: Would PSPC agree to relax this corporate experience criterion from “*within the last 5 years*” to “*within the last 10 years*” to allow respondents some reasonable latitude?

**A1:** *Criterion M1 has been revised above to the following:*

**Corporate Experience**

*Bidders must provide details of 2 contracts completed within the last 10 years, which are similar in scope and value to the Inspection of Rail Mounted and Mobile Cranes requirement detailed in Annex A.*

**Q2:** Annex A3 (Table of Evaluation Criteria) Item M2.1: Relevant codes and standards for crane inspection may require a minimum of 10,000 hours experience for the crane inspector performing the inspections, but not for the professional engineer who certifies the crane. It is likely that no professional engineer in Canada can comply with this clause as currently worded. Would PSPC agree to modify M2.1 professional experience criteria?

**A2:** *Evaluation criteria has been modified above to separate the requirements for crane inspector and professional engineer.*

**Q3:** There are some indications (at various clauses in the RFP) that crane maintenance repairs and supply of parts will be required, but no scope is given for such repairs or parts. Can PSPC clarify this requirement by stating that the intent is supply of minor components (such as individual defective nuts and bolts), not major components of the cranes (such as hoist wire rope/cable, trunnion pins, structure components or E&M equipment)? We suggest that major components would be the scope for a refurbishment or rebuild of a given crane, which presumably is not the intent of this requirement?

**A3:** *The estimate for miscellaneous materials under this contract is \$5,000 per year to cover small repairs; for example: welding small identified cracks/inspecting and certifying the small repairs, adjusting brakes, reviewing and reporting items such as oil and grease analysis.*

**Q4:** Must bids provided include a repair component? Can the inspection component be bid on separately?

**A4:** *Bids must be submitted for the requirement as stated in its entirety.*

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.**
