The Request for Proposal (RFP) Amendment 008 is raised to answer Bidders' questions and amend the RFP.

Question 27:

As per page 66 of this solicitation, work will be conducted at PSPC locations and some may be conducted at contractor's premise. As working from the contractor's premise is not a requirement and can be as and when requested, there is flexibility in this working arrangement (i.e. the type of work done off-site can be chosen and working off-site may never occur). It is therefore unnecessarily restrictive to require the bidder to have IT Media Safeguarding protected level B.

In order to ensure that this is a fair an open solicitation, and one that allows bidders with long corporate history of fulfilling Supply Arrangements such as these to qualify, we ask that the IT Media security requirement be removed and in its place, a requirement be inserted that confirms all protected IT media work be done on-site (as almost all the work will be).

Answer 27:

The SRCL has been amended. See RFP amendment below.
