ADDENDUM # 1

**Re: Request for Proposal T8080-170065
Advanced Technology Vehicle Testing**

No consideration will be given for extras and/or changes because the tenderer was not familiar with the contents of this Addendum.

A question has been received from potential tenderer about the subject Request for Proposals. The purpose of this Addendum to the Request for Proposals is to summarize the question and answer the information of all potential bidders.

Question # 1:

Pertaining to Appendix "I" – Integrity Form

It asks us to fill in information and then send it to PWGSC Integrity Department Oversight Branch. Is this done once a company is awarded a contract or is it submitted with our Proposal (at bid submission) to TC? As well, how many copies are required?

Answer # 1:

It is best to complete and send the completed form to PWGSC as per stated address for data capture in their systems. One (1) copy should suffice.

You may want to insert a completed form within your Proposal as well, as it will alleviate delays in the event that you would be the compliant bidder(s). Once the bid evaluation process is over, TC will verify with PWGSC to confirm this information, prior to a contract award. Therefore, if you have already taken action, it will save time.

Tenderers are to acknowledge this Addendum by signing in the space provide below and enclosing a copy of this document with their Technical proposal.

All other terms and conditions of the Request for Proposals remain unchanged.

Yours truly,

(Original signed by)
