Amendment

This amendment is issued to answer questions posed during the solicitation period

Q) We request PSPC provide details regarding all available access equipment (underdeck platforms, moveable platforms, access lines, ladder locations, etc...) for the bridge.

R) There is a catwalk (underdeck platform) from both sides of the bridge.

- From the Campbellton side, the catwalk gives access from Pier 1X to Pier 4;
- From the Pointe-à-la-Croix, Qc side, the catwalk gives access from Pier 10X to Pier 7;

There is a moveable platform that gives access to the areas from Pier 4 to 7.

Q) Does the bridge have limitations on when traffic flow may be restricted?

R) Regarding the traffic flow restrictions:

- One lane of traffic must be maintained at all times;
- Traffic control shall follow NBDTI's WATCM;
- Traffic restriction should occur outside 7:30-9:00 a.m. and 4:00-5:50 p.m.;
- Traffic restriction cannot occur at night;
- Traffic control plan and date of restriction shall be submitted in advance for approval to PSPC;
- Notification to the City of Campbellton and the Municipality of Pointe-a-la-Croix must be provided in advance.

Q) Can PSCP make available the digital copies of the files noted in section PR 1.7 of the RFP, or at a minimum:

General bridge layout drawings

2000 Deck replacement and truss strengthening drawings

2015 Structural Load Evaluation report

2015 Comprehensive detailed inspection report and underwater report

2016 Annual general inspection
