2.0 ABBREVIATIONS:

CL - Centerline
A.F.F. - Above Finished Floor
CW - Complete With
EX - Existing
F.O. - Face Of
F.R.R. - Fire Resistance Rating
G.B. - Gypsum Board
G.C. - General Contractor
H.M. - Hollow Metal
R.O. - Rough Opening
T.O. - Top Of
TYP - Typical
U/S - Underside

3.0 GENERAL NOTES:

- These drawings shall not be scaled.
- Contractor and subtrades shall satisfy themselves that all dimensions, datums and detailed information shown are complete and correct prior to start of construction.
- Dimensions are to face of stud or concrete unless otherwise noted.
- Contractor and subtrades to investigate local conditions to examine site and related work. All existing site conditions to be verified and any discrepancies are to be reported to the Department Representative prior to shop drawing submittal and construction.
- Contractor and subtrades to review all architectural, structural, mechanical and electrical drawings for all openings through floors, walls and roof. Refer to Structural for structural framing details.
- Compensation will not be made because of failure to make proper site investigations, along with failing to report any discrepancies to the Department Representative, prior to shop drawing submittals and construction or not fully understanding the nature/scope of work.
- General Contractor to coordinate and provide all solid blocking within the wall & ceiling areas to support surface mounted fixtures, handrails, signs, etc...

4.0 INTERIOR WALL NOTES:

- Height of interior partitions to extend a minimum of 6" above finished ceiling or to u/s of deck if no ceiling is indicated, or unless otherwise noted.
- All interior partitions that carry up to u/s of deck to have a slip joint connection; refer to architectural drawings.
- Seal all penetrations thru fire separations to maintain integrity of the separation and fire resistance rating.
- Provide double stud framing at all door frame locations.
- All fire rated partitions to extend to u/s of deck.
- Install casing beads at all edge conditions and exposed gypsum board sheathing edges.
