Description of the requirement:

Transport Canada requires the services for One (1) Evaluation Services Consultant(s) (up to a maximum cumulative of five (5)).

Background:

As part of the Government of Canada's implementation of Transportation 2030, a long-term vision for transportation in Canada, Transport Canada is conducting a comprehensive review of the St-Lawrence Seaway. The review will consider how best to renew the Seaway's position as a critical part of the North American multi-modal transportation system; determine its optimal contribution

as a key transportation corridor; and provide strategic considerations for continuing the success of a productive, safe and reliable waterway in a cost-effective, efficient and sustainable manner. This includes the opportunity for TC to assess governance models for the Seaway.

Objective:

Services are required to conduct a quantitative and qualitative assessment of the governance models for the St.Lawrence Seaway, as part of Transport Canada's review of the St.Lawrence Seaway.

Proposed period of contract:

The proposed initial period of contract shall be from contract award to January 31, 2018 for an estimated 16 weeks (80 person days).
