**QUESTION AND ANSWER SERIES 2:**

- Q2. With reference to the Statement of Work, **3.41. – Base panel height – must be within the range of 35” – 37”**

Our base panel height is 32” or 34” depending on the system we supply. Can Public Services and Procurement Canada (PSPC) confirm if either of these will be acceptable based on the Govt standards for base height panels of 28” – 38” high?

- A2. PSPC agrees, base panel height can be 32” or 34” as long as the overall height is not changed.

- Q3. With reference to the Statement of Work, **3.4.3 – Full height – must be within the range of 65” – 67” inclusive.**

Our overall height with base and two stacks will be 64” or 66” high depending on the system we supply. Can PSPC confirm if the 64” overall height is acceptable?

- A3. PSPC confirms 66” is our standard and 64” is not acceptable.

- Q4. With reference to the Statement of Work, **7.9.13 – Pedestal depth no greater than 23”**

Our pedestal is 23 5/8” deep. Our surface is 24” deep so the pedestal will not protrude past the work surface edge. Can PSPC confirm this is acceptable?

- A4. PSPC confirms this is acceptable.

- Q5. With reference to the Statement of Work, **7.14.3 – One box/file/file/ (F/F) drawer configuration.** Can PSPC please clarify if b/b/f or f/f drawer configuration is required in the storage tower?

- A5. Storage tower requires one (1) file/file (F/F) drawer configuration.

- Q6. With reference to **Workstation Typical 20 - WSTN-20**. Can you please clarify the countertop requirement with a 3D drawing?

- A6. Please see attachment: 2017-09-11 WSTN-20 Clarification.pdf

**ALL OTHER TERMS AND CONDITIONS OF THE REQUEST FOR PROPOSAL REMAIN UNCHANGED.**
