THE FOLLOWING CHANGES IN THE TENDER DOCUMENTS ARE EFFECTIVE IMMEDIATELY. THIS ADDENDUM WILL FORM PART OF THE CONTRACT DOCUMENTS.

THIS ADDENDUM IS RAISED TO PROVIDE THE FOLLOWING ANSWERS TO QUESTIONS PROVIDED BY BIDDERS.

SOLICITATION

We refer to the Product Delivery Schedule on page 22 of 42 of the bid document.

Question 1: Kindly consider changing the delivery schedule to read as follows:

1. Orders of 100,000 units or more must be delivered within 10 weeks of receipt of call up order from VAC as agreed by supplier and project authority.
2. Orders over 10,000 units up to 99,999 units shall be delivered within 7 weeks of receipt of call up order from VAC as agreed by supplier and project authority.
3. Orders of 9,999 units or less, expedited delivery of products specified in the call up order from VAC, must be delivered within 15 working days.

In the event that VAC requires product sooner than the product delivery schedule as outlined above, VAC agrees to pay an expedited delivery charge. This amount will be agreed on between VAC and the supplier prior to commencing production.

Answer - VAC agrees with the proposed change to the delivery time lines, however, not the quantities. We have made minor clarifications with the original quantities indicated in the bid document.

1. Orders over 100,000 units (100,001 +) must be delivered within 10 weeks of receipt of call up order from VAC as agreed by supplier and project authority.
2. Orders over 10,000 units (10,001+) up to 100,000 units must be delivered within 7 weeks of receipt of call up order from VAC as agreed by supplier and project authority.
3. Orders of 10,000 units or less, expedited delivery of products specified in the call up order from VAC, must be delivered within 15 working days.

In the event that VAC requires product sooner than the product delivery schedule as outlined above, VAC agrees to pay an expedited delivery charge. This amount will be agreed on between VAC and the supplier prior to commencing production.

2. **Question:** As requested on phone, would like to know if you could please provide photo or any other possible detail of the required item mentioned on page # 19 i.e. Custom Made Commemorative Lapel Pin to enable us to prepare our accurate quotation.

Answer: VAC does not have a photo or other details available at this time as the design of the custom pin is not yet known/conceptualized.

3. **Question:** In annex A, description for item 1, says "The stem of the maple leaf and the 2 curling poppy stems are gold", however in the picture in Annex F "colour Specifications", stems are asked to be PMS 349 (green). Please confirm which one is correct.

Answer: The correct colour is indicated in annex A – “The stem of the maple leaf and the 2 curling poppy stems are gold”. Please refer to amended Annex F, attached.

4. **Question:** Would you please let us know how much is the required thickness of lapel pins (all the items)?

Answer: The highest point of the lapel pins (poppy side) is 1.9mm. The low point at the top of leaf is 1.1mm. The sample pins are available to bidders for their reference at the following PSPC offices:

QUEBEC, QUEBEC
MONTREAL, QUEBEC
MISSISSAUGA, ONTARIO
WINNIPEG, MB
EDMONTON, AB
VANCOUVER, B.C.

Colour Specifications:

a) Red - PMS 032

b) 100% Black

c) Gold Metallic 871
or PMS 131

d) Green - PMS 349*

The Graphic identifier may be reproduced in process colour (cmyk) and may also be reproduced in black and white.

* items manufactured at a size less than 1" may be produced in the limited colour palette of metallic gold, red and black (with green omitted). The green stems may be fabricated in metallic gold due to intricate size and reproduction limitations.

Ex. Canada Remembers pin
