Clarification Questions:

Note, clarification questions are numerically sequenced upon arrival at PSPC. A question and its answer will be provided via Buy&Sell as the response becomes available. Potential RFI Respondents are therefore advised that questions and answers may be issued via Buy&Sell out of sequence.

The following clarification question has been received. In accordance with Article 2.7 of PART I of the RFI, the clarification question and corresponding answer are provided to all potential respondents as set out below:

Question 4

We would like to inquire if the client would be willing to provide an extension to the RFI response process to the date of: Friday October 6th?

Despite the favorable previous extension, we are still in the content response and not yet near a review and the subsequent printing/proposal production stage. Specifically, as there is a considerable amount of feedback to note, analysis, formulate a response and then proceed through a peer/team review process, especially when taking into account the scale of the entire Draft RFP (functional requirements, technical solution, tech & fin.

methodologies, software + corporate + resource requirements + software licensing quotes as well as maintenance and support quotes) and subsequent questions which include providing feedback in entirety on the draft RFP.

We appreciate your consideration as we seek to produce a thoroughly documented and vetted response document structured to allow for a streamlined review by the OSFI client team.

Answer No. 4

Thank you for your interest in this RFI. Unfortunately due to operational requirements Canada is unable to further extend the RFI closing date.

ALL OTHER TERMS AND CONDITIONS OF THE RFI WILL REMAIN UNCHANGED.
