AMENDMENT 002 Cleaning Supplies, is being raised for the following reason:

1. Provide a response back from Public Works and Government Services Canada to questions received from bidders.

Q1. The below red highlighted items give a small indication where more information is needed. This will ensure your client is getting both what they actually want as well as a fair apples to apples price. The Bilingual section regarding the bags is a perfect example of how everything should be set up. Obviously this requires some extra work but without the additional information I wouldn't feel comfortably quoting you.
