## **SOLICITATION AMENDMENT 003**

This solicitation amendment is raised to address the following:

- Questions and answers concerning the EW699-181490/B re-solicitation.

### **Questions and answers**

- Q1:** Could you please give a more accurate location of the work to be performed in EW699-181490/B? The drawing at the end of the package only indicates airport perimeter road, but no other details.
- A1:** The location is approximately 500 meters directly north of Airport Road following Airport Perimeter Road. The LTU is clearly visible on Google Maps (satellite view).
- Q2:** The contaminated soils in within the beam, are they classified as Class II landfill acceptable or are they hazardous and must be disposed of in a Class 1 facility?
- A2:** The soil concentrations of PHCs currently indicate a Class II facility will be required.
- Q3:** Can you please confirm that access to the site and Airport Perimeter Road is not airside, i.e. will people and equipment be required to be checked by airport security at entry and exit for the duration of the project?
- A3:** The site is not airside.

**End of solicitation amendment.**
