This Amendment #003 is raised to issue Addendum #3.

See attached Addendum #3.

All other terms and conditions remain unchanged.

The following changes in the tender documents are effective immediately. This addendum will form part of the contract documents

Tender Questions

During the tender period Public Services and Procurement Canada has received various questions from Contractors. The following section lists the questions and the responses. The cost implication of the responses provided are to be included in the tender price.

- 1. It seems that the proposed fibre optic line runs right through the statue. Can we re-route this fibre optic line around the statue to avoid it?**

Yes. As per the notes on the drawing the final location of the 50mm conduit will be coordinated with TELUS.

- 2. It seems that the proposed water line in the garden within the fort walls runs right through some large trees. Can we re-route the water line around the trees to avoid them?**

Final routing of the small diameter water service to the garden will be confirmed onsite with the Departmental Representative.

----End of Addendum----
