---

This Solicitation Amendment No. one (1) is raised to include the following addendum no. 1.

The following addendum to the tender documents is effective immediately. This addendum shall form part of the contract documents.

All other terms and conditions remain the same.

**Addendum 1**

**Q1:** Will the gap between the New West Breakwater and the New East Breakwater be able to be filled in during the winter months. Or is a barge the expected way to get the rock across?

**A1:** The area between the new breakwater on the West side and the Extension to the East side cannot be infilled at any time. How the contractor proposes to bring the material is his/her decision, as long as it meets environmental regulations and does not restrict fishermen's navigational water, throughout the construction. Fishing season isn't restricted to summer months in this location of the province.
