This amendment is raised for Solicitation M5000-180775/A to respond to a potential supplier's question.

**Question 1:**

We would like to have more informations on the article H3 concerning the platform, we are not sure exactly what it is , if you have any photos and more description it will be well appreciated Thank's in advance

**Response 1:**

With reference to paragraph H.3. of the truck specifications, the described item is a 'slide out ' work desk area as shown in the Plan and Curbside Interior view, as well as in the exterior Curbside view drawings as the light blue outline. This area will be utilized as the command and control area for the two robots and it is expected that when extended there would be adequate room behind the chairs for easy movement of additional personnel, minimum of 28". Additional details on the configuration of this desk can be found in M2 and R1.
