AMENDMENT 003

This amendment is raised to revise information in the Request for Proposal W6399-18KA05/A, as follows:

1) In PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION, Section 4.1 - Evaluation Procedures, please add the following paragraph:

- (c) The evaluation team will determine first if there are two or more bids with a valid Canadian Content certification. In that event, the evaluation process will be limited to the bids with the certification; otherwise, all bids will be evaluated. If some of the bids with a valid certification are declared non-responsive, or are withdrawn, and less than two responsive bids with a valid certification remain, the evaluation will continue among those bids with a valid certification. If all bids with a valid certification are subsequently declared non-responsive, or are withdrawn, then all the other bids received will be evaluated.

2) In Annex C1, Appendix 1, Table 1, Air Permeability

DND has determined that the air permeability requested is too high for the material. Therefore, this requirement is amended as follows:

Delete: "15"
Insert: "4"

This amendment is also raised to answer questions from potential bidders.

QUESTION 3:

A) Reference: Hook and Loop colours, Annex B1 under Materials

It states the colour of the Hook and Loop Fastener Tape shall be "Light Sand", however the hooks and loops seen on the viewing sample had multiple colours. Can you please confirm the correct colours for the Hook and Loop system on the Coat.

ANSWER:

The viewing samples are for design and construction purposes only as they are not in the correct colour scheme. The hook and loop fasteners are to be light sand in colour as specified.

B) Reference: Hook and Loop colours, Annex B2 under Material

It states the colour of the Hook and Loop Fastener Tape shall be "Light Sand", however there is no colour indicated for the Loop Fastener Tape for Knee Pad Attachment. The viewing sample showed multiple colours. Can you please confirm the correct colours for the Loop Fastener Tape for Knee Pad Attachment.

ANSWER:

The viewing samples are for design and construction purposes only as they are not in the correct colour scheme. The hook and loop fasteners are to be light sand in colour as specified.

QUESTION 4:

Would DND prefer a dull or shiny finish for the buttons used?

ANSWER: Either is acceptable.

QUESTION 5:

In Annex B2 under Material, Waist Band Elastic shows Table 1: Technical requirements for "Waist Suppression Elastic". Can you please confirm that this is the correct Table for the "Waist Band Elastic".

ANSWER: Table 1 is the correct reference for the waist band elastic.

QUESTION 6:

Would it be possible to provide a MIL spec for the Eyelet and Washer used for the Trousers?

ANSWER: DND is unaware of a MIL spec for this item.

QUESTION 7:

Can you please confirm if Contractors are to provide the Knee Pad or not?

ANSWER: Provision of a knee pad is not mandatory.

All other terms and conditions remain unchanged.
