## September 2017 Medium-Complexity Bid Solicitation and Resulting Contract Template (MC)

### Purpose and Scope

~~PWGSC templates standardize and simplify procurement terminology and format, and ensure that documents issued for the acquisition of goods and services are consistent.~~

~~This template is to be used for medium-complexity competitive and non-competitive requirements for goods, services or both.~~

~~This template is for the use of PWGSC contracting officers. Client departments using the PWGSC standard procurement templates and SACC clauses will need to modify them to suit their specific requirements and departmental procurement process. It is important to note that client departments may not have the same legislative authority, access to the same procurement tools, or the same departmental policy framework as PWGSC. Client departments are therefore advised to consult with their legal sector prior to using these templates.~~

### Legal name of the department

~~Although PWGSC was renamed Public Services and Procurement Canada (PSPC) for communication purposes, the legal name remains Public Works and Government Services Canada in policy instruments and in legal documents including contracts.~~

~~References to the use of the templates may be found in the Standard Procurement Template Procedures on GCpedia, in sections 4.10 – Solicitation Methods and 4.15.1 – Departmental Standard Procurement Templates as well as in section 1.10.10 – Procurement Best Practices of the Supply Manual.~~

### Instructions:

~~Except where indicated, do not modify or change the order or content of the templates.  
Review all remarks and instructions in this template and in the SACC Manual to ensure the proposed clause is applicable to the requirement, otherwise, delete the clause and associated remarks and instructions and renumber accordingly.~~

~~Prior to issuing the bid solicitation document:~~

- ~~(a) ensure clause numbering is sequential;~~
- ~~(b) delete all unused options, instructions and remarks;~~
- ~~(c) delete any clauses that are not applicable to the requirement; and~~
- ~~(d) update the Table of Contents.~~

### Automatic Table of Contents:

~~The MC Template contains an automatic Table of Contents based on two MS Word style levels titled Template Heading 1 and Template Heading 2 that you must select to create the table of contents as follows:~~

~~**Style 1: Template Heading 1:** (CAP + Arial 10+bold+black)~~

~~Example: **PART 1 – GENERAL INFORMATION**~~

~~**Style 2: Template Heading 2:** (Arial 10+bold+black)~~

~~Example:~~

~~**2.3 – Former Public Servant**~~
