

## Request for Standing Offer #283 (“RFSO”) Accounting Training and Related Consulting Services

The Office of the Auditor General of Canada (“OAG”) requires contractors to supply accounting training and related consulting services on an “as and when required basis” as further described in Section 2 (Statement of Work) of this RFSO. These services are comprised of the following three (3) service delivery streams (“Streams”): Stream 1 – Training Advisory Services; Stream 2 – Instructor Led Accounting and Financial Auditing Courses; Stream 3 – Accounting and Financial Auditing E-Learning.

The OAG conducts independent audits and studies that provide objective information, advice and assurance to Parliament, territorial legislatures, boards of Crown corporations, government and Canadians. The OAG’s head office is located in Ottawa and its four regional offices are located in Vancouver, Edmonton, Montréal and Halifax. Please see [www.oag-bvg.gc.ca](http://www.oag-bvg.gc.ca) for further information about the OAG.

This RFSO describes the process by which a supplier, who is the person or entity submitting a proposal responding to the requirements of the RFSO and having legal capacity to contract (a “Bidder”), may be selected for recommendation of standing offer award. The maximum total value of any standing offer resulting from this RFSO is **estimated to be \$1,000,000** inclusive of any eligible expenses and applicable taxes, with a term of three (3) year(s) expiring on 31 March 2021, plus an irrevocable option for the OAG to extend the term for up to two (2) additional one (1) year periods.

## **SECTION 1 RFSO TERMS AND CONDITIONS**

---

1.1 Proposal Delivery. Proposals are due to be received at the Proposal Delivery Address no later than the Deadline for Proposals specified on page 1 of this RFSO. If the Proposal Delivery Address specified on page 1 of this RFSO is a physical mail address, the time of proposal receipt shall be the time the physical proposal is received by an OAG authorized representative at the Proposal Delivery Address. If the Proposal Delivery Address is an electronic mail address, the time of proposal receipt shall be the time the electronic proposal is received in the inbox of the Proposal Delivery Address. It is the Bidder's responsibility to ensure that the proposal is received at the Proposal Delivery Address no later than the Deadline for Proposals.

1.1.1 Proposals received later than the Deadline for Proposals or at any location other than the Proposal Delivery Address may be deemed non-compliant and rejected, in the OAG's sole and absolute discretion, unless the Bidder provides evidence, to the OAG's satisfaction, substantiating that the proposal was sent to the Proposal Delivery Address before the Deadline for Proposals and the delay in receipt is attributable to circumstances beyond the Bidder's control.

1.1.2 Bidders may, in writing, revoke or modify a proposal received at the Proposal Delivery Address at any time up to the Deadline for Proposals. Bidders may not, without the prior written consent of the OAG, which may be reasonably withheld, assign or transfer their proposal to a third party in whole or in part or submit more than one (1) proposal.

1.2 Proposal Format. Proposals are to be submitted in either English or French, with the Bidder's contact information and the reference to this RFSO clearly identified, as follows:

(a) If the Proposal Delivery Address is a physical mail address, in two (2) separately sealed envelopes, with one (1) envelope labelled "**Technical Offer**", containing the Bidder's response to any mandatory and rated requirements set out in Section 4 (Proposal Requirements) of this RFSO and the other envelope labelled "**Financial Offer**", containing the Bidder's response to the financial requirements set out in Section 4 (Proposal Requirements) of this RFSO, and together these sealed envelopes for the Technical Offer and the Financial Offer are to be sealed in a third (3<sup>rd</sup>) sealed envelope together with any forms or additional information.

(b) If the Proposal Delivery Address is an electronic mail address, in two (2) separate electronic mail attachments in Adobe Reader format (.pdf), with one (1) attachment labelled "**Technical Offer**", containing the Bidder's response to any mandatory and rated requirements set out in Section 4 (Proposal Requirements) of this RFSO and the other attachment labelled "**Financial Offer**", containing the Bidder's response to the financial requirements set out in Section 4 (Proposal Requirements) of this RFSO. Any forms or additional information may be included as separate electronic mail attachments in Adobe Reader format (.pdf). To avoid the possibility of the proposal not being received at the Proposal Delivery Address due to file size or other reasons, Bidders may contact the Procurement and Contracting Officer specified on page 1 of this RFSO before the Deadline for Proposals to confirm the OAG's receipt.

1.3 Requests for Clarification. Any request for clarification of the contents of, or for interpretation or correction of, or questions or concerns relating to, this RFSO are to be: (i) received no later than the Deadline for Requests for Clarification specified on page 1 of this RFSO; (ii) addressed to the Procurement and Contracting Officer in English or French; and (iii) made in writing by electronic mail referencing this RFSO in the subject line to the Request for Clarification Address specified on page 1 of this RFSO.

1.3.1 Answers to such requests will be made available as written addenda to this RFSO without identifying the source(s) of the requests, provided they are received no later than the Deadline for Requests for Clarification. Any request received later than the Deadline for Requests for Clarification may not be answered by the OAG.

- 1.3.2 Any attempt by a Bidder or any of its employees, agents, contractors or any other representatives to contact any person at the OAG other than the Procurement and Contracting Officer regarding this RFSO, may in the OAG's sole and absolute discretion, result in the Bidder's disqualification and the rejection of their proposal. Nothing in this RFSO limits the OAG's right, in its sole and absolute discretion, to communicate with any Bidder regarding any matter in the normal course of business arising from any contractual relationship for the provision of any similar or other services or goods independently of this RFSO.
- 1.4 Required Forms. Bidders are to include with their proposal any forms listed in Appendix "A" (Declarations and Certifications) to this RFSO. Where a Bidder fails to include any such forms with its proposal, the OAG may, in its sole and absolute discretion: (a) require the submission of such forms within a prescribed timeframe satisfactory to the OAG prior to the Anticipated Standing Offer Award Date specified on page 1; or (b) reject or refuse to consider any proposal from a Bidder who fails to comply with any such submission requirement.
- 1.5 Irrevocable Offer. By submitting a proposal, a Bidder: (a) submits an irrevocable offer, which is firm, in effect and open for acceptance for the Proposal Validity Period specified on page 1 of this RFSO; (b) agrees unconditionally to all the terms and conditions set out in this RFSO, including without limitation the terms and conditions of any resulting standing offer, if awarded, as set out in Section 5 (Standing Offer Terms and Conditions); and (c) agrees, if the OAG deems it necessary, to extend the Proposal Validity Period, unless the Bidder revokes its proposal in writing within five (5) calendar days of notice of such extension by the OAG.

  - (b) enter into negotiations with: (i) any and all Bidders on any and all aspects of their proposal, to ensure the OAG's business requirements are satisfied and to promote value for money; (ii) in the event, in the OAG's sole and absolute discretion, no proposals meet the requirements of this RFSO, any and all Bidders, or any prospective persons or entities capable of delivering the required services or goods but who have not submitted a proposal in response to this RFSO; and (iii) in the event of a tie between two (2) or more Bidders, all such tied Bidders;
  - (c) conduct a best and final offer process with any and all Bidders in which Bidders are invited to revise their financial offers in circumstances where the OAG deems such a process is appropriate, in its sole and absolute discretion;
  - (d) cancel, modify, re-issue and suspend: (i) any aspect of this RFSO, in whole or in part, at any time, for any reason; and (ii) the schedule of this RFSO, in whole or in part, at any time, for any reason, including but not limited to, the Deadline for Requests for Clarification, the Deadline for Proposals, the Anticipated Standing Offer Award Date and any other activity or date stipulated in this RFSO; and (iii) this RFSO in its current or modified form and invite new proposals only from the Bidders who submitted proposals in response to this RFSO where none of those proposals meet the requirements of the RFSO and to do so is deemed, in the OAG's sole and absolute discretion, to be in the OAG's best interests;

(e) award, as a result of this RFSO: (i) one (1) standing offer; (ii) more than one (1) standing offer; and (iii) no standing offer;

(f) seek substantiation, clarification, and validation of, and take into account, independently or with the assistance of the Bidder, any and all information provided by the Bidder with respect to this RFSO and, for this purpose, disclose any and all information provided to the Bidder to any third party, subject to the OAG obtaining reasonable assurances of confidentiality from such third party;

(h) waive irregularities, informalities, omissions and defects in any proposal where, in the OAG's sole and absolute discretion, they do not materially affect the ability of the bidder to provide the services or goods required by this RFSO; and

(i) invite only the Bidders who submitted proposals in response to this RFSO to resubmit their proposals within a time period specified by the OAG in the event no proposals meet the requirements of this RFSO, where to do so is deemed to be in the OAG's best interest, in its sole and absolute discretion, and provided the requirements of the RFSO are not substantially modified.

The exercise of any of the foregoing rights, either alone or in combination with each other, shall not be interpreted as waiving or limiting the exercise of any other rights by the OAG hereunder or otherwise at law.

- 1.8 Limitation of Liability. In no event shall the OAG, its employees, contractors, consultants and advisors be liable or responsible for any damages, including but not limited to, any direct, indirect, consequential, incidental, general, special or exemplary damages, any economic losses, any lost profits, opportunities, expenses, costs or any other losses arising out of, in connection with, or in any way related to, any Bidder's participation in this RFSO or any acts, omissions or errors, including without limitation negligence of, or breach of contract by, the OAG, its employees, contractors, consultants and advisors. Without limiting the foregoing, expenses or costs incurred by any Bidder in any way related to or associated with this RFSO, including but not limited to preparing, submitting or evaluating their proposal, providing information to the OAG or the OAG's authorized representative, and the satisfaction, fulfillment or completion of any conditions precedent to any contract with the OAG to deliver the services and/or goods required by this RFSO, are the Bidder's sole responsibility and will not be reimbursed by, chargeable to, or otherwise payable by, the OAG in any way. ## **SECTION 2 STATEMENT OF WORK**

---

Capitalized words used in this Section 2 (Statement of Work) but not otherwise defined herein or in the RFSO shall have the meaning set forth in the agreement attached to the RFSO in Section 5 (Standing Offer Terms and Conditions).

### **2.1 BACKGROUND**

The OAG intends to maintain a blended **accounting training** strategy including e-learning and instructor led accounting courses to mainly address two sets of accounting standards: International Financial Reporting Standards (IFRS) and Public Sector Accounting Standards in Canada (PSAS). E-learning courses are expected to address the technical requirements of accounting standards, and instructor led courses should provide learners with an opportunity to apply the technical knowledge through practical scenarios using a variety of instructional approaches such as case studies, illustrative examples and quizzes.

Previously, the OAG has contracted the services of Deloitte LLP, under a multi-year Standing Offer Agreement, to deliver a blended accounting training strategy.

#### **2.1.1 The OAG Accounting Training Strategy**

The OAG accounting training strategy is expected to address the following needs:

1. Stay abreast of progress by various standard setters on current projects and in the development of new accounting standards;
2. Acquire in-depth knowledge of newly issued or recently modified accounting standards relevant to the work of the OAG;
3. Acquire (or refresh) a baseline knowledge of existing standards; and
4. Obtain additional guidance on interpretation and implementation issues encountered when applying standards in practice and in auditing their application.

The OAG has approximately 200 financial auditors who have varying needs for accounting training based on their experience and level within the organization. OAG enrollment in individual courses will vary depending on the nature and focus of the respective courses. IFRS and PSAS are the two main accounting frameworks that are to be specifically addressed by the OAG accounting training strategy. Other financial reporting frameworks affecting our work include accounting standards for pension plans and International Public Sector Accounting Standards (IPSAS).

In addition, to complement its existing financial auditing training strategy, the OAG may acquire from time to time courses on specific financial auditing topics, either in the form of e-learning or instructor led courses, as applicable.

#### **2.1.2 Annual Accounting Training Cycle:**

The OAG's annual financial audit cycle typically runs from September to August. The OAG annual accounting training strategy is expected to unfold as follows:

1. The design and planning phase should normally occur between March and September of each year;
2. Instructor led courses are expected to be delivered between September and March each year;

3. E-learning courses should be available throughout the year via the OAG learning management system (LMS). New e-learning courses addressing new standards effective for the next annual audit cycle should be released between April and September; and
4. Other ad-hoc accounting courses or information sessions may be offered on an as-needed basis throughout any given year.

### **2.1.3 The Canadian Council of Legislative Auditors (CCOLA)**

CCOLA's membership consists of the provincial Auditors General, the federal Auditor General and the Auditor General of Bermuda.

Since 2008, the Office of the Auditor General of Canada has been providing audit professional practice services of a National Professional Practices Group (NPPG) to members of CCOLA under a Memorandum of Understanding. These services include the provision, upon request, of certain training or training materials that the OAG owns. Members of the CCOLA choose which services they want to receive from the NPPG or from other sources.

## **2.2 STREAMS OF EXPERTISE**

A brief description of the three Streams of expertise is provided in the following paragraphs.

### **2.2.1 Stream 1— Training Advisory Services**

The OAG requires the professional services of a Contractor to assist the OAG with the design and implementation of the OAG accounting training strategy. Training advisory services include:

1. Assisting the OAG, as required, to plan and coordinate the annual training strategy between the months of March and September of each year, including the delivery of the various sessions, agreeing on the number of sessions required, the dates, location (Ottawa or OAG regional offices), languages of instructor led sessions, use of live webcasts to deliver to regional staff. This is necessary to allow sufficient time for the OAG to coordinate the course registration process and any other logistical matters;
2. Assisting the OAG, as required, to identify any need for course material customization and when requested by the OAG, assisting with the customization work as specified elsewhere in this RFSO;
3. Hold regular meetings with the OAG to discuss the progress, challenges, and any issues that may arise during the course of any assigned work. This also includes post-mortem reviews on a timely basis following delivery of instructor led courses;
4. Update the OAG, at least on a quarterly basis, on any new developments regarding the direction of the Contractor's accounting training program for the following year. This may include a list of new accounting (and when requested auditing) courses (e-learning and instructor led) expected to be developed for the Contractor's own use (including course topic, content, dates of delivery to Contractor staff) that are available to the OAG; and
5. Providing technical support for issues with installing and running the e-learning courses on the OAG Learning Management System by adhering to the problem resolution process agreed with the OAG throughout the life of the SOA.

The OAG will acquire these services at the Contractor's Per Diem rates for personnel (as quoted in response to this RFSO).

## 2.2.2 Stream 2— Instructor Led Accounting and Financial Auditing Courses

The OAG has a need for instructor led accounting training to be delivered in a classroom setting. The OAG will purchase from time to time, on an as-needed basis, individual instructor led accounting courses (and possibly certain financial auditing courses) in both English and French, which consist of:

1. The course material, and
2. Delivery of the course by one or more instructor(s), if required by the OAG.

These courses shall be designed to use varied instructional approaches such as case studies, practical examples and quizzes to help learners apply technical accounting knowledge in practical scenarios applicable to the public sector.

To support the training needs of our OAG regional offices, we expect that certain instructor-led courses that will be delivered in the National Capital region may also be delivered through live web casts to the regional offices. It is also possible that instructor- led courses will be delivered at the OAG regional offices, which may require some travel by the Contractor's resources.

Pursuant to the Memorandum of Understanding with CCOLA, the OAG may invite personnel of the provincial AG offices to attend instructor led courses on OAG premises, or may agree to deliver an instructor led course at a CCOLA office location. The OAG may share, upon request, training material that it owns with members of CCOLA.

### 2.2.2.1 Course Delivery Strategies

The OAG may adopt different course delivery strategies when delivering courses to staff at OAG Canada or within one or more CCOLA offices:

1. purchase an instructor led course delivered by the Contractors' Instructors;
2. purchase an instructor led course delivered by the Contractors' Instructors **and** supply OAG personnel to assist the instructor(s) provided by the Contractor; and/or
3. purchase the course material from the Contractor and supply OAG personnel to deliver the course.

### 2.2.2.2 Course Material

The course material shall include instructor's notes, participant handout materials such as case studies, and any other relevant supporting material necessary for the effective delivery of the course.

The participant handout material, including case studies and any other relevant supporting material necessary for the effective delivery of the course, has to be available in both English and French at the time that the courses are purchased.

When an instructor led course is delivered by the Contractor's Instructors to either OAG Canada or CCOLA participants, the OAG will acquire the instructor led courses at the Contractor's Course Instructor Per Diem rates, which include course material, preparation and delivery time.

When the OAG chooses to deliver a course without the services of the Contractor to either OAG Canada or CCOLA participants, the OAG will acquire the course material at the Contractor's one-time Fixed Price per Course Day.

### 2.2.2.3 Updates Of Course Material Previously Purchased By OAG

When the Contractor updates the content of any existing instructor led course material already purchased by the OAG, the Contractor **must** make available to the OAG the revised course material as it becomes available, on a timely basis (i.e., no later than on the date the new material is released by the Contractor for use by its own staff) free of charge.

### 2.2.2.4 Course Instructors

The Course Instructors (English and/or French) should have a strong technical background and good working knowledge of accounting topics being trained. The Course Instructors should have facilitated accounting training courses in the past.

The OAG will acquire the instructor led courses at the Contractor's Course Instructor Per Diem rates, which include course material, preparation and delivery time.

### 2.2.2.5 Customization of Course Material:

When the OAG determines that customization of course content is required, the Contractor will work in consultation with OAG representatives to tailor the content of the Contractor's existing instructor led courses. The extent of the customization work may include, but is not limited to:

1. Eliminating material irrelevant to the public sector;
2. Increasing the focus on certain topics;
3. Ensuring that illustrative examples and case studies used during the course refer to situations that are relevant in the context of the public sector;
4. Ensuring the proper balance of lecturing and other alternative instructional methods in order to consider the different learning styles of the participants; and
5. Completing the French translation of any customization changes made to the course material, when requested by the OAG.

At the beginning of each customization phase, the Contractor and the OAG will agree on:

1. The scope of customization work to be performed;
2. A time-line (i.e., project schedule) and related work effort and costs for the completion of the customization work; and
3. The roles and responsibilities of the Contractor's resources involved for the coordination of the subsequent phases of the work, including course delivery and French translation.

### 2.2.3 Stream 3— Accounting & Financial Auditing E-Learning Courses

The OAG has a need for interactive accounting (and possibly financial auditing) e-learning courses that the Contractor has developed for its own purposes. The OAG wishes to develop an accounting e-learning program that would consist of a number of e-learning courses to address the following needs of its financial auditors:

1. Acquire knowledge of technical accounting requirements of recently issued accounting standards (IFRS and PSAS); and

2. Refresh knowledge of existing accounting standards (IFRS and PSAS).

The OAG will acquire the E-learning courses at the Contractor's all-inclusive per person per course licensing fee (either Annual or Term) for e-learning courses hosted by the Contractor and on the OAG LMS.

### **2.2.3.1 Updates of E-Learning Courses Already Acquired By OAG**

When the Contractor updates the content of its existing e-learning course already purchased by the OAG, the Contractor **must** make available to the OAG the revised e-learning course as it becomes available, on a timely basis (i.e., no later than on the date the new or revised e-learning courses are released by the Contractor for use by its own staff) free of charge.

## **2.3 RESPONSIBILITIES**

### **2.3.1 Contractor**

The OAG requires that the Contractor provide a mutually agreed-upon principal point of contact. The Contractor, via the principal point of contact, shall be responsible for:

1. Supporting the OAG in the design, planning and execution of the annual accounting training strategy;
2. Update the OAG, at least on a quarterly basis, on any new developments regarding the direction of the Contractor's accounting training program for the following year. This may include a list of new accounting (and when requested auditing) courses (e-learning and instructor-led) expected to be developed for the Contractor's own use (including course topics, content, dates of delivery to Contractor staff) that are available to the OAG;
3. Allowing the OAG to review the content of any e-learning course prior to making a decision to acquire the course;
4. Delivering to the OAG acquired e-learning courses in both English and French and in a format that is compatible with and ready to be installed on the OAG LMS;

6. Ensuring the quality of the French translation of technical accounting and auditing terminology in any course material (e-learning and instructor led) delivered to the OAG. The OAG will review the French translation of any material made available by the Contractor to ensure proper translation prior to acceptance of the product. The OAG defines proper translation to mean in respect of terminology in use by the Chartered Professional Accountants Canada, that the translation includes nothing that is inconsistent with the original meaning, and that there is less than a 5% error rate;
7. Customizing the Contractor's courses to meet OAG needs and make necessary alterations to the course based on the feedback provided by the participants of previous sessions;
8. Providing ongoing technical support for issues with installing and running the e-learning courses on the OAG LMS and for any e-learning course and content upgrades over the life of the SOA. The OAG and the Contractor will establish and adhere to a problem resolution process throughout the life of the SOA;
9. Providing the resources named in the Contractor's Proposal to perform the work, or providing replacement resources at the same cost who shall be of similar or greater ability and accomplishment and who shall be approved in advance by the OAG Project Authority;

13. Providing a work plan, schedule and an estimate of all costs/prices, for any given phase (or subset of work therein) under consideration, prior to the commencement of any such work; and
14. Providing written and ad hoc verbal progress reports to the OAG Project Authority, including updated time lines for project completion, according to the schedule for such communication specified at the commencement of that phase of the work.
15. Providing regular invoices as agreed to with the OAG Project Authority.

### **2.3.2 The Office of the Auditor General**

1. Installing acquired e-learning courses on the OAG LMS;
2. Providing access to the OAG's facilities and/or the OAG Project Authority and/or OAG personnel, as required for the successful provision of services;
3. Providing access to relevant documentation, reference material, and stakeholders to which the Contractor would not otherwise have access;
4. Commenting and providing revisions to the Contractor's draft deliverable submissions (if applicable) within the timeframe mutually agreed to by the Contractor and the OAG Project Authority;

**SECTION 3 BASIS AND METHOD OF EVALUATION**

**3.1 Evaluation Process**

Proposals responding to, and compliant with, the requirements, terms and conditions of this RFSO will be evaluated by a team composed of OAG representatives and selected for recommendation of standing offer award in accordance with the process described below.

**Step 1: Compliance with Mandatory Requirements**

Proposals will be reviewed for confirmation of compliance with any Mandatory Requirements set out in Section 4.2 (Mandatory Requirements).

This review will take the form of validating that the statements and supporting material referenced by the Bidder substantiate a compliant response.

Proposals failing to meet any one (1) or more of the Mandatory Requirements will be deemed non-compliant and given no further consideration.

**Step 2: Scoring of Rated Requirements (60 points)**

Proposals deemed compliant in Step 1 will then be evaluated for technical merit with respect to the Rated Requirements set out in Section 4.3 (Rated Requirements) and shall be assigned scores for each item identifying its relative importance.

Proposals failing to score at least sixty percent (60%) of the maximum points available will be deemed non-compliant and given no further consideration.

**Step 3: Scoring of Financial Requirements (40 points)**

Proposals deemed compliant in Step 2 will then be evaluated for price with respect to the Financial Requirements set out in Section 4.4 (Financial Requirements).

The lowest compliant Bid Price shall be assigned the maximum points available and any other compliant Bid Prices shall be assigned scores using the following formula:

$$\frac{\text{Lowest compliant Bid Price}}{\text{Proposal Bid Price}} \times \text{maximum points available} = \text{Points assigned to proposal}$$

**Step 4: Ranking of Combined Total Score (100 points)**

Proposals deemed compliant in Step 3 will then be ranked from highest to lowest based on the combined total score of technical merit and price, calculated by adding the rated and financial points assigned to the proposal in Step 2 and Step 3, respectively.

Please refer to the table below for an illustrative example of this methodology. Any differences between the illustrative example and this RFSO in respect of the ratio, available points, or any other matter, are deliberate and are not intended to be relied upon by any Bidder.

		<b>Bidder 1</b>	<b>Bidder 2</b>	<b>Bidder 3</b>
<b>Step 2 Rated Points</b>		51/60	40/60	41/60
<b>Step 3 Proposal Bid Price</b>		\$55,000.00	\$50,000.00	\$45,000.00
<b>Calculations</b>	<b>Technical Merit Score</b>	51	40	41
	<b>Pricing Score</b>	$45/55 \times 40 = 32.73$	$45/50 \times 40 = 36.00$	$45/45 \times 40 = 40.00$
<b>Combined Total Score</b>		83.73	76.00	81.00
<b>Overall Ranking</b>		1st	3rd	2nd

**Note:** The proposal bid price reflected above is a generic example of costing for the purpose of illustrating the methodology and is not intended to be consistent with the pricing structure for bidding purposes. For this RFSO, the Bid Price is defined as the Total Prorated Financial Evaluation Amount. Please see section 4.4 (Financial Requirements) for additional information.

**Step 5: Selection of Proposal for Standing Offer Award**

The OAG intends to select the proposal receiving the highest combined total score(s) of technical merit and price for recommendation of standing offer award, which shall be deemed the proposal offering the best value to the OAG, provided that bid price does not exceed the budget available for this RFSO and subject to section 1.7 (Reserved Rights) of this RFSO.

For greater certainty, neither the compliant proposal obtaining the highest technical merit score nor the one with the lowest compliant bid price will necessarily be selected.

Please refer to section 5 (Standing Offer Terms and Conditions) of this RFSO, including without limitation Article 8 (Ordering Process) of the Standing Offer Agreement.

**SECTION 4 PROPOSAL REQUIREMENTS**

**4.1 Organization of Proposal**

Technical Offers should be limited to a maximum of **40** single-sided pages (or **20** double sided pages) for each Stream using 8.5 x 11 inch paper and size 10 font. Any information contained in pages exceeding the stipulated maximum may not be evaluated, in the OAG’s sole and absolute discretion. To ensure completeness and to maximize scoring potential, Bidders should prepare their proposal to respond to the mandatory (if any), rated and financial requirements below. The OAG does not intend to evaluate corporate literature or website information referenced within the proposal. Prices should appear in the Financial Offer only and should not be indicated in any other section of the proposal.

In addition to the one (1) paper original, Bidders should provide four (4) paper copies and one electronic copy on CD or USB. In the event and to the extent of any discrepancies, inconsistencies, ambiguities or conflicts of or between the wording of the original and any copy, the original shall prevail. To promote consideration of the environment, Bidders should also use paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content, as well as use an environmentally-preferable format including black and white printing instead of colour printing, printing double-sided, and using staples or clips instead of cerlox, duotangs or binders.

**4.2 Mandatory Requirements**

No points will be assigned to Technical Offers for compliance with any Mandatory Requirements. Failure to comply with **ANY** one (1) or more of the Mandatory Requirements will result in a proposal being deemed non-compliant and given no further consideration. Where appropriate, Bidders should briefly describe how they meet each of the Mandatory Requirements (if any). Bidders are also encouraged to complete the following table and submit it as part of their proposal. Bidders should indicate beside each of the Mandatory Requirements (if any) the relevant page number(s) from their proposal where the statements and supporting material for each Mandatory Requirement (if any) is addressed.

#### 4.4 Financial Requirements

Points will be assigned to Financial Offers for responding to these Financial Requirements. The Financial Offer is to quote the all-inclusive **bid price** of the goods and/or services offered, including, but not limited to, all cost and expense elements that may apply, such as, without limitation, option years and maintenance costs, but **excluding any applicable taxes**, by submitting all information specified in the table below.

Where the price submitted in the Financial Offer is based upon firm hourly or per diem rates, the following financial considerations shall apply: (i) rates shall be quoted as hourly or per diem, expressed in Canadian dollars, for each of the categories of personnel and for each year of any resulting standing offer; (ii) rates shall be based on a normal work day of seven and a half (7.5) hours.

The price submitted, whether based on firm hourly or per diem rates, or any other basis of payment, shall be fixed for the term of any resulting standing offer, shall be all-inclusive and shall represent the entire consideration for performing all obligations of the Bidder under any resulting standing offer. Please refer to section 5 (Standing Offer Terms and Conditions) of this RFSO, including without limitation Article 6 (Term) of the Standing Offer Agreement. Without limitation to the foregoing, this shall include, for greater certainty, salary, fringe benefits, overhead costs, any costs or expenses not expressly provided for as chargeable, payable or reimbursable to the Bidder under any resulting standing offer, and profit, but exclude the applicable Goods and Services Tax (GST) and/or Harmonized Sales Tax (HST), which should be shown separately in the Financial Offer.

Bidders are to complete the following pricing table and submit the specified information with their Financial Offer. At a minimum, Bidders are to respond to this pricing table by inserting in the Financial Offer for each of the fields specified below the quoted all-inclusive fixed ceiling hourly rate for each of the personnel/resource categories identified. For greater certainty, the inclusion of any volumetric data, estimates or other information in the RFSO does not represent a commitment by the OAG that the future demand for work described in the RFSO will be consistent with such information.

\*\*\***Note:** The OAG will calculate the Bidder's Weighted Average Hourly Ceiling Rate and Average E-Learning Course Licensing Fee, and Total Weighted Average Hourly Ceiling Rate, Average Price for One time fixed price per Course Day and Total E-learning Course Licensing Fee. For financial evaluation purposes, Total Weighted Average Hourly Ceiling Rate, Average Price for One time fixed price per Course Day and Total E-learning Course Licensing Fee will each be assigned a prorated financial score using the formula in Section 3.1 Step 3. The (3) three prorated financial scores will then be added together to give the Total Prorated Financial Evaluation Amount (Table 4).

A day is defined as 7.5 hours exclusive of meal breaks. Payment will be for days actually worked with no provision for annual leave, statutory holidays and sick leave. No overtime charges will be authorized under the Contract. Time worked which is more or less than a day will be prorated to reflect actual time worked in accordance with the following formula: (Hours worked x applicable per diem rate) ÷ 7.5 hours.

Each field in the table should be completed. If a Bidder intends that a resource that is qualified at a higher personnel category will perform work allocated to a lower personnel category as described in the table above, the Bidder agrees and acknowledges by submitting a Financial Offer that the rates quoted for the lower personnel category shall be applicable for all work performed and charged for work allocated to such resource. By submitting a Financial Offer, the Bidder further agrees and acknowledges that the rates quoted for each personnel category shall be applicable to any Specific expertise or capabilities in related fields and disciplines.

Notwithstanding that the prices submitted with the Financial Offer shall be fixed and established as the maximum prices during the Term, the Bidder may elect to submit lower pricing on an as and when required basis in the event more than one (1) standing offer results from this RFSO and the OAG competes future requirements under those standing offers (if applicable).

**Note to Bidders:** For information purposes only, the OAG requests that Bidders specify in their Financial Offer that all the rates quoted extend to and may be disclosed by the OAG to the Canadian Council of Legislative Auditors (CCOLA), which is an organization devoted to sharing information and supporting the continued development of auditing methodology, practices and professional development. CCOLA's membership consists of the provincial Auditors General or Provincial Auditors of the Canadian provinces and the federal Auditor General. CCOLA also has one associate member – the Auditor General of Bermuda.

#### 4.5 OAG's Rights During Evaluation

Without limitation to section 1.7 (Reserved Rights) of this RFSO, the OAG may, in its sole and absolute discretion, during the evaluation and selection process described in this RFSO, and prior to any standing offer award:

- i. seek clarification of and/or verify any information provided with respect to any proposal, including but not limited to interviewing any individuals named in the proposal, which may be conducted in person or by telephone;

Bidders will have at least three (3) calendar days, or such other period as is specified in writing by the Procurement and Contracting Officer, to respond to any request for information or clarification described above. Failure to respond before expiry of the specified deadline may result in the proposal being deemed non-compliant and given no further consideration, in the OAG's sole and absolute discretion.

No increase in the total liability of the OAG or in the price of the Work resulting from any changes, modifications, or interpretations of the Work, will be authorized by the OAG or paid to the Contractor unless such changes, modifications, or interpretations have been approved, in writing, in advance, by the OAG before their incorporation into the Work. The Contractor shall not perform any Work or otherwise provide any good or service that would result in the foregoing limitation of expenditure being exceeded before obtaining the prior written approval of the OAG. The Contractor must notify the OAG in writing on the adequacy of the foregoing limitation of expenditure: (i) when it is 75 percent committed; or (ii) 4 months before Standing Offer expiry date; or (iii) as soon as the Contractor considers that the foregoing limitation of expenditure is inadequate for completion of the Work, whichever comes first. For administrative purposes, the Contractor shall advise the OAG on a weekly basis of the hours worked under the Standing Offer.

**A4. Time Verification and Audit of Accounts.** Time charged and the accuracy of the Contractor's time recording system, as well as all payments, reimbursements and any other amounts claimed under the Standing Offer, are subject to verification and audit by the OAG as specified in the General Conditions, at any time, both before and after payment is made.

**A5. Invoicing Instructions.** The Contractor must submit invoices as specified in the General Conditions. Invoices cannot be submitted until all work identified in the invoice is completed. If applicable to the basis of payment specified in the Contract, each invoice must be supported by a copy of time sheets or other documentation produced by the Contractor's time recording system to support the time claimed, together with a copy of any required monthly progress report. Invoices must be distributed as follows for certification and payment, unless specified otherwise by the OAG in writing: the original must be forwarded to the following address to the attention of the OAG Finance Department for certification and payment – 240 Sparks Street, Ottawa, ON K1A 0G6 or, alternatively, emailed to [finance@oag-bvg.gc.ca](mailto:finance@oag-bvg.gc.ca).

For greater certainty, the Contractor shall perform the Work up to and including the end of the last day of the Term and any terms or conditions which, by their nature are intended to survive expiration or termination of the Standing Offer, shall survive expiration or termination of the Standing Offer for any reason. The Contractor hereby grants to the OAG the irrevocable option to extend the Term by up to two (2) additional one (1) year periods under the same terms and conditions. The OAG may exercise this option, for each additional extension period, in its sole and absolute discretion, at any time, by sending a written notice to the Contractor at least 30 calendar days before the then applicable expiration date of the Standing Offer. Although each additional extension period takes effect on Contractor’s receipt of the OAG’s written notice, the Standing Offer may be administratively amended by the Parties to reflect any option exercised.
- A7. Such individuals will be expected to understand, sign and adhere to the OAG Security Policy.
- A8. Ordering Process.** This Standing Offer sets out the terms and conditions applicable to the Work performed under a call-up (“**Call-Up**”) that may be issued by the OAG in the form and content satisfactory to the OAG prior to acceptance by the Contractor in accordance with the process set out below. The Contractor is not authorized to supply services and/or goods and shall not commence any Work prior to any Call-Up coming into effect. For greater certainty, the OAG has no liability to pay for, or accept, any services and/or goods beyond those services and/or goods and related amounts specified in a Call-Up, unless otherwise expressly agreed in writing, in advance, in a document expressly amending such Call-Up, signed by a duly authorized OAG representative. The Work, or a portion of the Work, to be performed hereunder will be on an “as required and when requested basis” in accordance with the following process and, if applicable, the specified alternative basis of payment based upon the rates specified in the Standing Offer:

Within seven (7) calendar days of receipt of the Call-Up, Contractor shall send written confirmation, in the form and content agreed to by the Parties, to the OAG, indicating acceptance of the Call-Up, and only upon receipt of such written confirmation by the OAG shall the Call-Up be deemed accepted and the Contract between the Contractor and the OAG with respect to the Work be formed.

- 8.2 No Other Terms. Contractor's performance of the Work pursuant to a Call-Up is governed by the terms and conditions of the Contract. Any terms and conditions which are contained in any other document submitted by the Contractor, such as a PO acknowledgement, invoice, or any other such document are hereby expressly rejected and superseded by the terms and conditions of the Contract.
- 8.3 Survival of Call-Up. Any rights and obligations remaining to be exercised or performed, as applicable, pursuant to any Contract formed prior to the expiration of the Term, shall continue in full force and effect, and shall continue to be governed by the terms and conditions of the Contract, until all such rights and obligations are exercised or performed, as applicable.
- 8.4 No Obligation. Nothing in this Standing Offer shall be deemed or construed as an obligation for the OAG to issue any Call-Up or as an exclusive right for the Contractor to perform the Work.

  - a. The Contractor represents and warrants that the Contractor and all Contractor Personnel:
    - i. are competent to perform the Work;
    - ii. have everything necessary to perform the Work, including the resources, facilities, labour, technology, equipment, and materials; and
    - iii. have the necessary qualifications, including knowledge, skill, know-how, experience and third party authorizations, and the ability to use them diligently and effectively, to perform the Work.
  - b. The Contractor and all Contractor Personnel must:
    - i. perform the Work diligently, effectively and efficiently;
    - ii. except for OAG Property, supply everything necessary to perform the Work;
    - iii. use, as a minimum, quality assurance procedures, inspections and controls generally used and recognized by the Contractor’s industry to ensure the degree of quality required by the Contract;
    - iv. select and employ a sufficient number of qualified people as Contractor Personnel;
    - v. perform the Work in accordance with standards of quality acceptable to the OAG and in full conformity with all applicable laws and regulations, the OAG’s specifications and all the requirements of the Contract; and
    - vi. provide diligent, effective and efficient supervision to ensure that the quality of workmanship meets the requirements of the Contract.
  - c. The Work must not be performed by any person who, in the opinion of the OAG, in its sole and absolute discretion, is incompetent, unsuitable or has conducted himself/herself improperly.
  - d. In the event of breach of warranty, in addition to other rights and remedies available at law and in this Standing Offer, the Contractor shall, at the OAG’s election and the Contractor’s expense:
    - i. reperform the Work to the OAG’s satisfaction (using alternate Contractor Personnel if the OAG so requests); or
    - ii. issue a credit in the amount of any Work that is or was deficient as a result of the breach.

6. **Subcontracts.** The Contractor may subcontract the supply of goods or services that are customarily subcontracted by the Contractor. In any other instance, the Contractor must obtain the prior consent in writing of the Contracting Representative. The Contracting Representative may require the Contractor to provide such particulars of the proposed subcontract as the OAG considers necessary, in its sole and absolute discretion. Subcontracting does not relieve the Contractor from any of its obligations under the Contract or impose any liability upon the OAG to a subcontractor. In any subcontract, the Contractor agrees to bind the subcontractor by the same conditions by which the Contractor is bound under the Contract, unless the Contracting Representative requires or agrees otherwise, with the exception of any employment equity or other requirements which may only apply to the Contractor.
7. **Time of the Essence.** It is essential that the Work be performed within or at the time stated in the Contract.
8. **Excusable Delay.**
- a. A delay in the performance of the Work or any obligation by the Contractor under the Contract that is caused by an event that:
    - i. is beyond the reasonable control of the Contractor;
    - ii. could not reasonably have been foreseen;
    - iii. could not reasonably have been prevented by means reasonably available to the Contractor; and
    - iv. occurred without the fault or neglect of the Contractor,will be considered an "Excusable Delay" if the Contractor:
    - 1. notifies the Contracting Representative, in writing, of the occurrence of the delay or of the likelihood of the delay as soon as the Contractor becomes aware of it; and
    - 2. within 15 working days of the foregoing notification, also notifies the Contracting Representative, in writing, of all the circumstances relating to the delay and includes, for approval by the OAG, a clear work around plan explaining in detail the steps that the Contractor proposes to take in order to minimize the impact of the event causing the delay.
  - b. Any delivery date or other date that is directly affected by an Excusable Delay will be postponed for a reasonable time that will not exceed the duration of the Excusable Delay. However, if an Excusable Delay has continued for 30 calendar days or more, the Contracting Representative may, by giving notice in writing to the Contractor, terminate the Contract. In such a case, the Parties agree that neither will make any claim against the other for damages, costs, expected profits or any other loss arising out of the termination or the event that contributed to the Excusable Delay. The Contractor agrees to repay immediately to the OAG the portion of any advance payment that is unliquidated at the date of the termination. Unless the OAG has caused the Excusable Delay by failing to meet an obligation under the Contract, the OAG will not be responsible for any costs incurred by the Contractor or any of its subcontractors or agents as a result of an Excusable Delay.
9. **Inspection and Acceptance of the Work.** All Work is subject to inspection and acceptance by the OAG. Inspection and acceptance of the Work by the OAG does not relieve the Contractor of its responsibility for defects or other failures to meet the requirements or obligations under the Contract. The OAG will have the right to reject any work that is not in accordance with the requirements of the Contract and require its correction, replacement, reperformance or refund at the Contractor's cost and expense.
10. **Invoice Submission.** Invoices must be submitted in the Contractor's legal name. The Contractor must submit invoices for each delivery or shipment and invoices must only apply to the Contract. Each invoice must indicate whether it covers partial or final delivery.
- a. Invoices must show:

- i. the date, the name and address of the OAG, item or reference numbers, deliverable/description of the Work, contract number, Client Reference Number (CRN), Procurement Business Number (PBN);
  - ii. details of expenditures (such as, but not limited to, showing separately, hours worked in Canada or abroad, periods and cost of any authorized travel and living expenses, item, quantity, unit price, fixed time labour rates and level of effort, fixed firm price and payment milestone, as applicable) in accordance with the basis of payment specified in the Standing Offer, exclusive of Applicable Taxes;
  - iii. deduction for set-off, holdback or deduction, if applicable;
  - iv. the extension of the totals, if applicable; and
  - v. if applicable, the method of shipment together with date, case numbers and part or reference numbers, shipment charges and any other additional charges. Applicable Taxes must be specified on all invoices as a separate item along with corresponding registration numbers from the tax authorities. All items that are zero-rated, exempt or to which Applicable Taxes do not apply, must be identified as such on all invoices.
- b. By submitting an invoice, the Contractor certifies that the invoice is consistent with the Work delivered and is in accordance with the Contract.

**11. Taxes.** The OAG is required to pay Applicable Taxes. Applicable Taxes will be paid by the OAG as provided in the Invoice Submission section. It is the sole responsibility of the Contractor to charge Applicable Taxes at the correct rate in accordance with applicable legislation. The Contractor agrees to remit to appropriate tax authorities any amounts of Applicable Taxes paid or due. The Contractor is not entitled to use exemptions from any tax, such as provincial sales taxes, unless otherwise specified by law. The Contractor must pay applicable provincial sales tax, ancillary taxes, and any commodity tax, on taxable goods or services used or consumed in the performance of the Contract (in accordance with applicable legislation), including for material incorporated into real property. In those cases where Applicable Taxes, customs duties, and excise taxes are included in the Standing Offer Price, the Standing Offer Price will be adjusted to reflect any increase, or decrease, of Applicable Taxes, customs duties, and excise taxes that will have occurred between bid submission and standing offer award. However, there will be no adjustment for any change to increase the Standing Offer Price if public notice of the change was given before bid submission date in sufficient detail to have permitted the Contractor to calculate the effect of the change. Pursuant to the *Income Tax Act*, R.S.C., 1985, c.1 (5<sup>th</sup> Supp.) (as amended) and the *Income Tax Regulations*, C.R.C., c. 945 (as amended) the OAG must withhold 15 percent of the amount to be paid to the Contractor in respect of services provided in Canada if the Contractor is not a resident of Canada, unless the Contractor obtains a valid waiver from the Canada Revenue Agency. The amount withheld will be held on account for the Contractor in respect to any tax liability which may be owed.

**12. Payment Period and Interest on Overdue Accounts.** The OAG's standard payment period is 30 calendar days. The payment period is measured from the date an invoice in a form and content acceptable to the OAG is received in accordance with the Contract or the date the Work is delivered in a condition acceptable to the OAG as required in the Contract, whichever is later. A payment is considered overdue on the 31<sup>st</sup> calendar day following that date and interest will be paid automatically in accordance with this section.

- a. If the invoice and its substantiating documentation are not received in a form and content acceptable to the OAG in accordance with the Contract or the Work is not delivered in a condition acceptable to the OAG as required by the Contract, the OAG will notify the Contractor within 15 calendar days of receipt. The 30-day payment period begins upon receipt of the revised invoice or the replacement or corrected Work. Failure by the OAG to notify the Contractor within 15 calendar days will only result in the payment being considered overdue on the 31<sup>st</sup> day following receipt of the invoice or work for the sole purpose of calculating interest on overdue accounts, but shall not relieve the Contractor from any of its obligations under the Contract, impose any liability upon the OAG or otherwise obligate the OAG to make payment until the invoice and its substantiating documentation are received in a form and content acceptable to the OAG in accordance with the Contract or the Work is delivered in a condition acceptable to the OAG as required in the Contract, whichever is later.
  - b. For the purpose of this section:
    - i. "Average Rate" means the simple arithmetic mean of the Bank Rates in effect at 4:00 p.m. Eastern Time each calendar day during the calendar month immediately before the calendar month in which payment is made;
    - ii. "Bank Rate" means the rate of interest established from time to time by the Bank of Canada as the minimum rate at which the Bank of Canada makes short term advances to members of the Canadian Payments Association;
    - iii. "date of payment" means the date of the negotiable instrument drawn by the OAG to pay any amount under the Contract;
    - iv. an amount becomes "overdue" when it is unpaid on the first calendar day following the calendar day on which it is due and payable as specified above and according to the Contract.
  - c. The OAG will pay to the Contractor simple interest at the Average Rate plus 3 percent per year on any amount that is overdue, from the date that amount becomes overdue until the calendar day before the date of payment, inclusive. The Contractor is not required to provide notice to the OAG for interest to be payable. The OAG will pay interest in accordance with this section only if the OAG is responsible for the delay in paying the Contractor. The OAG will not pay interest on overdue advance payments.
- 13. Audit.** The amount claimed under the Contract is subject to audit by the OAG, at any time, both before and after payment is made. The Contractor must keep proper accounts and records of performing the Work, the cost of performing the Work, the actual time spent each calendar day by all Contractor Personnel performing the Work (if the Contract specifies payment on the basis of time spent by the Contractor or Contractor's Personnel performing the Work) and all expenditures or commitments made by the Contractor, including any invoices, receipts, timesheets and third party contracts, which shall at all reasonable times be available to audit and inspection by the OAG, who may make copies and take extracts therefrom. The Contractor shall afford facilities for audit and inspection and shall furnish the OAG with such assistance and information as the OAG may require from time to time with respect to such accounts and records. The Contractor shall keep all such accounts and records, and preserve them in a secure location that is available for audit and inspection, for no less than six years after it receives the final payment under the Contract or until the settlement of any outstanding or unresolved claims or disputes, whichever is later, unless the OAG consents in writing in advance to earlier disposal.

- a. The OAG shall have the right, upon providing at least five (5) calendar days prior written notice, to enter upon the Contractor's facilities and locations, with any third party representatives the OAG may require, to review, inspect, test or to conduct audits, and take extracts or make copies of any document, with respect to the Contractor's operations and business to ensure compliance with the Contract, including the retention of accounts and records, performance of the Work, privacy, confidentiality and security. Where problems or deficiencies are identified during or following any review, inspection, test or audit, the OAG may, in its sole and absolute discretion, issue by notice to the Contractor, a corrective action request. Upon receipt of such notice, the Contractor shall:
  - i. promptly reply in writing to the corrective action request;
  - ii. take immediate corrective action acceptable to the OAG to prevent the recurrence of all deficiencies or problems identified in the corrective action request; and
  - iii. rectify all deficiencies and problems identified in the corrective action request within the time period specified in the notice, or when not specified, within thirty (30) calendar days from the date of the Contractor's receipt of the notice.
- b. The issuance or non-issuance of a corrective action request shall not prejudice any of the OAG's rights to termination under the Contract.
- c. Where an audit or inspection by the OAG, or where the OAG's own accounts or records disclose an overpayment, the OAG shall have the right to set-off, hold-back or deduct the amount of such overpayment against any Contractor invoices issued pursuant to this Standing Offer or any other agreement, and the Contractor shall be liable to repay such overpayment immediately on demand to the extent the OAG does not recover the overpayment by right of set-off, hold-back or deduct.

**14. Compliance with Applicable Laws.** The Contractor must inform itself and Contractor Personnel of, and comply and ensure compliance with, all laws applicable to the performance of the Contract, including Canadian federal, provincial and municipal law. The Contractor must provide evidence, at its own cost, of compliance with such laws to the OAG at such times as the Contracting Representative may reasonably request. The Contractor must obtain and maintain, without charge, reimbursement or payment by the OAG in any way, all permits, licenses, regulatory approvals and certificates required to perform the Work. If requested by the Contracting Representative, the Contractor must provide a copy of any required permit, license, regulatory approvals or certificate to the OAG. Without limiting the foregoing, the Contractor must not transfer or copy by any electronic or other means any software owned by or licensed to the OAG and such software is only to be used for the purposes of work carried out on behalf of the OAG and for no other purpose.

**15. Workplace Health and Safety.** The Contractor acknowledges the responsibility of the OAG to ensure, for its employees, a safe and healthy work environment, free of harassment. Copies of the *OAG Policy on the Prevention of Workplace Violence*, the *OAG Respectful Workplace Policy*, and the *OAG Policy on Workplace Investigations*, which are also applicable to the Contractor, are available from the Contracting Representative upon the Contractor's prior written request. The Contractor must not, either as an individual, or as a corporate or unincorporated entity, or through Contractor Personnel, harass, abuse, threaten, abuse its authority towards, discriminate against or intimidate, or endanger the health and safety of, any employee, contractor or other individual employed by, or under contract with, the OAG. The Contractor will be advised in writing of any complaint and will have the right to respond in writing. Upon receipt of the Contractor's response, the OAG will, at its sole and absolute discretion, determine if the complaint is founded and decide on any action to be taken, including terminating the Standing Offer for default.

**16. Confidentiality.** The Contractor must keep confidential and not disclose or release for any purpose to any third party all information provided to the Contractor by or on behalf of the OAG in connection with the Work and all information conceived, developed or produced by the Contractor as part of the Work including all documents, reports, papers or other records and any information, advice, assistance, guidance, recommendations and matters. As such, information must be treated as confidential, used solely for the purpose of the Contract and remains the sole and exclusive property of the OAG. Subject to the *Access to Information Act*, R.S.C., 1985, c. A-1 (as amended) (the “**Access to Information Act**”), and to any right of the OAG under the Contract to release or disclose, OAG agrees not to release or disclose any information delivered to the OAG under the Contract that is proprietary to the Contractor or a subcontractor, except to other departments within the federal public administration as defined by the FAA and to the extent that the Contract expressly provides for release or disclosure to third parties.

- a. The obligations of the Parties set out in this section do not apply to any information where the same information:
  - i. is publicly available from a source other than the other Party;
  - ii. is or becomes lawfully known to a Party from a source other than the other Party, except any source that is known to be under an obligation to the other Party not to disclose the information;
  - iii. is developed by a Party independently and without use of the information of the other Party;
  - iv. is authorized in writing in advance by the other Party to be released or disclosed by a Party to a third party solely for the purpose of the contract; or
  - v. is required by law to be disclosed.
- b. In the event the Contractor is required to disclose confidential or proprietary information by law, the Contractor shall promptly notify the OAG so that the OAG has a reasonable opportunity to prevent disclosure.

**17. Privacy.** Any personal information within the meaning of the *Privacy Act*, R.S.C., 1985, c. P-21 (as amended) (the “**Privacy Act**”), which is disclosed by the OAG, or is managed, accessed, collected, used, retained, created or disposed of in order to fulfill the requirements of this Standing Offer, shall be deemed to be under the OAG’s control, shall be made available to the OAG upon request and shall otherwise be treated in accordance with the *Privacy Act*. All such personal information is OAG property, and Contractor shall have no right in or to such personal information. Contractor shall segregate all such personal information (whether in electronic format or in hard copy) from its other records. Contractor agrees that all such personal information shall at all times be stored on segregated, stand-alone information systems in Canada that are not connected to networks or other technology systems that would permit access to such information from a jurisdiction other than Canada, except to the extent expressly permitted by this Standing Offer. Contractor agrees to maintain reasonably detailed access logs that would indicate each occurrence of access to any such personal information, other than by the OAG. The Contractor agrees to comply with the *Privacy Act* and any other Canadian privacy laws, to the extent that they are applicable to the Contractor.

- 18. Access to Information.** Records created by the Contractor, and under the control of the OAG, are subject to the *Access to Information Act*. The Contractor acknowledges the responsibilities of the OAG under the *Access to Information Act* and must, to the extent possible, assist the OAG in discharging these responsibilities. Furthermore, the Contractor acknowledges that section 67.1 of the *Access to Information Act* provides that any person, who destroys, alters, falsifies or conceals a record, or directs anyone to do so, with the intent of obstructing the right of access that is provided by the *Access to Information Act* is guilty of an offence and is liable to imprisonment or a fine, or both. The Contractor consents, in the case of a contract and any amendment with a value in excess of \$10,000 (including taxes), to the public disclosure of basic information, other than information described in any of paragraphs 20(1) (a) to (d) of the *Access to Information Act*, relating to the contract and, where the contract and any amendment with a value in excess of \$10,000 (including taxes) involves a former public servant in receipt of a pension under the *Public Service Superannuation Act*, R.S.C., 1985, c. P-36 (as amended), the Contractor consents, and acknowledges that the Contractor's Personnel consents, to the public disclosure of basic information in accordance with the *Guidelines on the Proactive Disclosure of Contracts*.
- 19. Copyright.** Anything that is created or developed by the Contractor as part of the Work under the Contract in which copyright subsists belongs to the OAG. The Contractor must incorporate the copyright symbol and either of the following notices, as appropriate, in any such Work: ©Her Majesty the Queen in Right of Canada, as represented by the Auditor General of Canada, [year] or © Sa Majesté la Reine du chef du Canada, représentée par le vérificateur général du Canada, [year].
- a. At the request of the Contracting Representative, the Contractor must provide to the OAG, at the completion of the Work or at such other time as the Contracting Representative may require, a written permanent waiver of moral rights as defined in the *Copyright Act*, R.S.C., 1985, c. C-42 (as amended), in a form and content acceptable to the Contracting Representative, from every author that contributed to the Work. If the Contractor is an author, the Contractor permanently waives the Contractor's moral rights.
  - b. The Contractor agrees that the OAG may translate into the other official language of Canada any documentation delivered to the OAG by the Contractor that does not belong to the OAG. The Contractor acknowledges that the OAG owns the translation and that it is under no obligation to provide any translation to the Contractor. The OAG agrees that any translation must include any copyright notice and any proprietary right notice that was part of the original. The OAG acknowledges that the Contractor is not responsible for any technical errors or other problems that may arise as a result of the translation.
- 20. OAG Property.** The Contractor must take reasonable and proper care of all OAG Property while it is in its possession or subject to its control. The Contractor is responsible for any loss or damage resulting from its failure to do so other than loss or damage caused by ordinary wear and tear.
- 21. Amendment.** To be effective and valid, any amendment to the Standing Offer must be prepared in writing by the Contracting Representative and signed by the authorized representative(s) of the OAG and Contractor. No increase in the total liability of the OAG or in the price of the Work resulting from any change, modification or interpretation of the Contract will be authorized by the OAG, or paid to the Contractor, unless such change, modification or interpretation of the Standing Offer is approved, in writing, in advance, by the OAG and before incorporation into the Work.

- 22. Assignment.** The Contractor must not assign the Standing Offer, or any benefit or burden hereunder, in whole or in part, without obtaining the prior written consent of the OAG, which may be withheld in the OAG's sole and absolute discretion. Any assignment made without that consent is void and will have no effect. The assignment will be effective upon execution of an assignment agreement signed by the Parties and the assignee. No assignment of the Standing Offer shall relieve the Contractor from any obligation under the Contract or impose any liability upon the OAG. Notwithstanding the foregoing, this Standing Offer shall enure to the benefit of, and be binding upon, the parties hereto and their lawful heirs, executors, administrators, and successors.
- 23. Change of Control.** The Contractor shall notify the OAG prior to any merger, amalgamation, transfer of a controlling interest in the Contractor or a sale of all or substantially all of the Contractor's assets and prior to entering into any subcontract with equivalent effect to, or in connection with, any such transaction. Contractor shall obtain the OAG's prior written consent to any such transaction or subcontract, which may be withheld in the OAG's sole and absolute discretion. In the event the Contractor fails to comply with this notice and consent requirement, the OAG shall be entitled to terminate the Standing Offer for default. Contractor's notice and request for consent shall include full particulars regarding the intended transaction or subcontract, including:
- a. an updated organizational chart, or similar description of the Contractor, both before and after the completion of any such transaction or subcontract;
  - b. a description of the nature of any such transaction or subcontract, including any amalgamations, wind-ups, asset transfers or other elements;
  - c. a list of the directors of the Contractor;
  - d. a list of the shareholders of the Contractor; and
  - e. any other information relevant, in the OAG's sole and absolute discretion, to any such transactions or subcontracts, including any information about the Contractor, successor entity, entity acquiring a controlling interest in the Contractor, entity purchasing all or substantially all of Contractor's assets, or subcontractor.

**24. Suspension of the Work.** The Contracting Representative may at any time, by written notice, order the Contractor to suspend or stop the Work or part of the Work under the Standing Offer, Contract or Call-Up. The Contractor must immediately comply with any such order in a way that minimizes the cost of doing so.

**25. Default by the Contractor.**

- a. If the Contractor fails to perform any of its obligations under the Contract, or fails to make progress so as to endanger the performance of the Contract, the Contracting Representative may, by giving written notice to the Contractor, terminate for default the Standing Offer, Contract or Call-Up, or part of the Standing Offer, Contract or Call-Up. The termination will take effect immediately or at the expiration of any cure period specified in the notice, if the Contractor has not cured the default to the satisfaction of the Contracting Representative within that cure period. For greater certainty, any default by the Contractor in relation to any Call-Up issued under the Standing Offer shall entitle the OAG, at its sole and absolute discretion, to terminate the Standing Offer and any or all other outstanding Call-Ups.
- b. If the Contractor becomes bankrupt or insolvent, makes an assignment for the benefit of creditors, or takes the benefit of any statute relating to bankrupt or insolvent debtors, or if a receiver is appointed under a debt instrument or a receiving order is made against the Contractor, or if an order is made or a resolution passed for the winding-up of the Contractor, or if the Contractor makes a false, untrue or misleading certification, declaration or representation under the Standing Offer or Contract, whether made knowingly or unknowingly, or provides false, untrue or misleading information under or in relation to the Standing Offer or Contract, whether made knowingly or unknowingly, the Contracting Representative may, to the extent permitted by the laws of Canada, by giving written notice to the Contractor, immediately terminate for default the Standing Offer, Contract or Call-Up, or part of the Standing Offer, Contract or Call-Up.
- c. If the OAG gives notice of termination under this section, the Contractor will have no claim for payment. The Contractor will be liable to the OAG for all losses and damages suffered by the OAG because of the default or occurrence upon which the notice was based, including any procurement costs and any increase in the cost incurred by the OAG in procuring the Work from another source. The Contractor agrees to repay immediately to the OAG the portion of any advance payment that is unliquidated at the date of the termination. Nothing in this section shall limit any other remedies that may be available to the OAG against the Contractor.

**26. Termination for Convenience.** At any time before the completion of the Work, the Contracting Representative may, by giving notice in writing to the Contractor, terminate for convenience the Standing Offer, Contract or Call-Up, or part of the Standing Offer, Contract or Call-Up. Once such a notice of termination for convenience is given, the Contractor must comply with the requirements of the termination notice. If the Standing Offer, Contract or Call-Up is terminated in part only, the Contractor must proceed to complete any part of the Work that is not affected by the termination notice. The termination will take effect immediately or, as the case may be, at the time specified in the termination notice.

- a. If a termination notice is given pursuant to this section, the Contractor will be entitled to be paid for Work that has been completed and reimbursed for costs that have been reasonably and demonstrably incurred to perform the Contract, to the extent that the Contractor has not already been paid or reimbursed by the OAG, including:
  - i. on the basis of payment specified in the Contract, payment for all completed Work that is inspected and accepted in accordance with the Contract, whether completed before, or after the termination in accordance with the instructions contained in the termination notice;

- ii. reimbursement of any direct costs incurred by the Contractor for work terminated by the termination notice before completion, excluding the cost of severance payments or damages to employees whose services are no longer required, except wages that the Contractor is obligated by statute to pay.
- b. The OAG may reduce the payment in respect of any part of the Work, if upon inspection, it does not meet the requirements of the Contract. The total of the amounts, to which the Contractor is entitled to be paid and/or reimbursed under this section, together with any amounts paid, due or becoming due to the Contractor, must not exceed the Standing Offer Price. The OAG may withhold payment and/or reimbursement of any amounts under this section until such time as the Contractor has substantiated its entitlement to such amounts to the OAG's satisfaction. Upon payment of such amounts, the Contractor shall be deemed to have fully and finally released the OAG from any and all liability in connection with the Standing Offer or Contract. The Contractor will have no claim for damages, compensation, loss of profit, or economic loss arising out of any termination notice given by the OAG under this section except to the extent that this section expressly provides. The Contractor agrees to repay immediately to the OAG the portion of any advance payment that is unliquidated at the date of the termination.

**27. Replacement of Personnel.** The OAG may, at any time, order the removal and replacement of any Contractor Personnel (whether or not specifically identified in the Contract) on reasonable grounds, or in the event that any of the Contractor's Personnel are unable to perform and complete the Work to the satisfaction of the OAG, and the Contractor shall immediately remove the individual from performance of the Work and provide, payable at the same or lesser rate or price, subject to the prior written approval by the OAG, any replacement Contractor Personnel with the requisite ability, expertise and attainment to complete the Work.

- a. If specific individuals are identified in the Contract to perform the Work, the Contractor must provide the services of those individuals unless the Contractor is unable to do so for reasons beyond its control. If the Contractor is unable to provide the services of any specific individual identified in the Contract, at any time, it must provide a replacement with similar qualifications and experience payable at the same or lesser rate or price. The replacement must meet the criteria used in the selection of the Contractor and be of equal or greater ability, expertise and attainment, subject to prior written acceptance by the OAG. The Contractor must, as soon as possible, give written notice to the Contracting Representative of the reason for replacing the individual and provide: (a) the name, qualifications and experience of the proposed replacement; and (b) proof that the proposed replacement has the required security clearance, if applicable. Any such replacement may be rejected if, in the OAG's sole absolute discretion, the replacement fails to meet the criteria used in the selection of the Contractor or is not of equal or greater ability, expertise and attainment and the Contractor must not, in any event, allow performance of the Work by unapproved or unauthorized replacement persons prior to receipt of written acceptance of the OAG.
- b. The Contracting Representative may order that any replacement stop performing the Work. In such a case, the Contractor must immediately comply with the order and secure a further replacement in accordance with this section. The fact that the Contracting Representative does not order that a replacement stop performing the Work does not relieve the Contractor from its responsibility to meet the requirements of the Contract.

**28. Liability and Infringement.**

- a. The Contractor is liable for any damage caused by the Contractor, Contractor's Personnel or Contractor's agents to the OAG or to any third party. The OAG is liable for any damage caused by the OAG, its employees or agents to the Contractor or to any third party. The Parties agree that no limitation of liability or indemnity provision applies to the Contract unless it is specifically incorporated in full text in the Articles of Agreement. Damage

includes injury to persons (including injury resulting in death) or loss of or damage to property (including real property) caused as a result of or during the performance of the Contract.

- b.** The Contractor represents and warrants that, to the best of its knowledge, neither it nor the OAG will infringe any third party's intellectual property rights in performing or using the Work, and that the OAG will have no obligation to pay royalties of any kind to anyone in connection with the Work.
- c.** If anyone makes a claim against the OAG or the Contractor concerning intellectual property infringement or royalties related to the Work, that Party agrees to notify the other Party in writing immediately. If anyone brings a claim against the OAG, the OAG must have the regulation and conduct of all litigation for or against the OAG, but the OAG may request that the Contractor defend the OAG against the claim. In either case, the Contractor agrees to participate fully in the defence and any settlement negotiations and to pay all costs, damages and legal costs incurred or payable as a result of the claim, including the amount of any settlement. Both Parties agree not to settle any claim unless the other Party first approves the settlement in writing.
- d.** The Contractor has no obligation regarding claims that were only made because:
  - i.** the OAG modified the Work or part of the Work without the Contractor's consent or used the Work or part of the Work without following a requirement of the Contract;
  - ii.** the OAG used the Work or part of the Work with a product that the Contractor did not supply under the Contract (unless that use is described in the Contract or the manufacturer's specifications);
  - iii.** the Contractor used equipment, drawings, specifications or other information supplied to the Contractor by the OAG (or by someone authorized by the OAG); or
  - iv.** the Contractor used a specific item of equipment or software that it obtained because of specific instructions from the Contracting Representative; however, this exception only applies if the Contractor has included the following language in its own contract with the supplier of that equipment or software: "[Supplier name] acknowledges that the purchased items will be used by the OAG. If a third party claims that equipment or software supplied under this contract infringes any intellectual property right, [supplier name], if requested to do so by either [Contractor name] or the OAG, will defend both [Contractor name] and the OAG against that claim at its own expense and will pay all costs, damages and legal fees payable as a result of that infringement." Obtaining this protection from the supplier is the Contractor's responsibility and, if the Contractor does not do so, it will be responsible to the OAG for the claim.
- e.** If anyone claims that, as a result of the Work, the Contractor or the OAG is infringing its intellectual property rights, the Contractor must immediately do one of the following:
  - i.** take whatever steps are necessary to allow the OAG to continue to use the allegedly infringing part of the Work;
  - ii.** modify or replace the Work to avoid intellectual property infringement, while ensuring that the Work continues to meet all the requirements of the Contract; or

## 4. Suspension of Period of Ineligibility

The Bidder confirms that it understands that a determination of Ineligibility for entering into government contracts made under the Integrity Provisions may be suspended by the OAG through an Administrative Agreement, to the extent that it is permissible in law. The period of Ineligibility applicable to that Bidder or its Affiliate and the right to participate in a given procurement process are guided by the terms and conditions of the Administrative Agreement. Subject to the Public Interest Exception, an Administrative Agreement may only suspend a period of Ineligibility on solicitations issued after it has been concluded.

## 5. Period of Ineligibility for Providing False or Misleading Information

The Bidder confirms that it understands that where it has made a false declaration or provided false or misleading information under the Integrity Provisions, the OAG will declare a Bidder to be ineligible to be awarded contracts for a period of ten years. The period of Ineligibility is effective from the date of determination by the OAG.

## 6. Period of Ineligibility for Breaching Administrative Agreements

The Bidder confirms that it understands that where it has concluded an Administrative Agreement and that it has breached any of its terms and conditions, the OAG will lengthen the period of Ineligibility for a period to be determined by the OAG.

## 7. Suspension of a Bidder

The Bidder confirms that it understands that the OAG may suspend a Bidder from being awarded a contract for a period of up to 18 months, subject to renewal, pending completion of the criminal proceeding, if the Bidder has been charged with any of the offences listed in the Canadian Offences Resulting in Legal Incapacity, the Canadian Offences and the Foreign Offences subsections or if the Bidder has admitted to being guilty of any of these offences. The period of Suspension is effective from the date of determination by the OAG. A period of Suspension does not abridge or suspend all other periods of Ineligibility that may be imposed on a Bidder by the OAG.

## 8. Third Party Validation

The Bidder confirms that it understands that where it or any of the Bidder's Affiliates has been subject to a period of Ineligibility to be awarded contracts, for which the Canadian Pardons and the Foreign Pardons subsections do not apply, the Bidder must provide by bid closing date, a confirmation from an independent third party, recognized in advance by the OAG, confirming that measures have been put in place in order to avoid the re-occurrence of such wrongdoings that led to the convictions. Failure to provide the said confirmation from an independent third party renders this bid non-responsive.

9. Subcontractors

The Bidder must ensure that contracts with first tier subcontractors include Integrity Provisions similar to those imposed in the resulting contract.

10. Public Interest Exception

The Bidder confirms that it understands:

- a. that, with the exception of a legal incapacity to contract resulting from section 750(3) of the Criminal Code, OAG may enter in a contract with a Bidder, or any of its Affiliates, which have been convicted of or have pleaded guilty to any of the offences referenced in the Canadian Offences and Foreign Offences subsections, where OAG considers it necessary to the public interest for reasons which include, but are not limited to:
  - i. the need is one of pressing emergency in which delay would be injurious to the public interest;
  - ii. the Bidder is the only person capable of performing the contract;
  - iii. the contract is essential to maintain sufficient emergency stocks in order to safeguard against possible shortages; and;
  - iv. not entering into the contract with the Bidder would have a significant adverse impact on the statutory mandate of the OAG, or otherwise adversely affect health, national security, safety, security or economic or financial well-being of the people of Canada or the functioning of any portion of the federal public administration;
- b. OAG may only enter into a contract with an ineligible Bidder under this subsection where the ineligible Bidder has concluded an Administrative Agreement with the OAG, on such terms and conditions that are necessary to safeguard the integrity of the procurement process and can apply to any procurement. The Administrative Agreement need not be concluded in advance of the solicitation.

**8. Conflict of Interest**

By submitting a proposal, the Bidder:

- b. agrees that all actual, potential and perceived conflicts of interest that may affect work with the OAG, or may affect submission of a proposal in response to this RFSO, or may affect any standing offer resulting from this RFSO, shall be disclosed in writing to the Contracting Representative without delay; and
- c. undertakes to ensure that all Bidder personnel conduct themselves in compliance with the principles of the *Code of Values, Ethics & Professional Conduct for the Office of the Auditor General of Canada* in respect of this RFSO and any resulting standing offer.
