## **SPECIFICATIONS**

### **1. Section 01 11 55 – General Instructions**

- .1.2.1 Temporary hoarding: Erect hoarding and weather protection as required, in order to facilitate continuous work during inclement weather.

Contractor to include further instruction as follows:

- Provide weather protection and/or hoarding as required to protect the building and the work from the weather and to maintain indoor environmental conditions, including temperature, to allow for the continuation of work through inclement weather as necessary. Additionally, provide weather protection and/or hoarding for the environmental conditions required to install materials as per the project contract documents and the manufacturer's installation instructions.
- Provide adequate access to the Work to allow Departmental Representative complete review of all work and adjacent areas.
- Secure weather tight enclosures from entry by unauthorized persons to unfinished roofs.
- Unfinished roofing work is to be fully covered by weather protection which is properly secured.
- Weather protection and/or hoarding should not be left unsecured at the job site where it may be dislodged by wind.
