SOLICITATION AMENDMENT 004

This amendment is raised to:

1. Provide answers to Bidder's questions in relation to this solicitation; and
 2. Amend the Request for Proposal (RFP) as detailed in Appendix A-4 below.
-

Question 8:

Would the client consider granting an extension of three (3) weeks to November 27, including the deadline for enquiries to November 17, due to complexity of the requirements of the bid?

Answer 8:

An extension to November 22, 2017 was granted. Please refer to solicitation amendment 003.

Question 9:

Given that Monday November 13, 2017 is a statutory holiday, we respectfully ask the Crown for a one-day extension to the closing date, making the closing date Wednesday November 15, 2017.

Answer 9:

Refer to answer provided under Question #8 above.

Question 10:

Given the high number of Solicitations/RFPs currently issued by the Government of Canada, including several for IRCC, and the Remembrance Day holiday we respectfully request a one-week extension to the closing date. This will ensure adequate time to prepare a quality, complete proposal for this key function (Data Warehouse Services) and would be of significant benefit and value-add to IRCCs evaluation process. We are also awaiting answers to questions submitted previously (Oct. 27) Please advise.

Answer 10:

Refer to answer provided under Question #8 above.

Question 11:

Ref Attachment 4.2, Point Rated Technical Criteria, RTC9, Pg 5 of 9, This criterion requires The proposed resource should clearly demonstrate experience in development, installation and configuration of Siebel CRM applications for integration with Oracle BIEE components. It is most rare for a resource with experience integrating applications with Oracle BIEE components to have also developed, installed and configured the Siebel CRM applications. Would the Crown accept a resource with experience integrating Siebel CRM applications with Oracle BIEE components, and not, specifically, experience developing, installing or configuring the Siebel CRM applications? This function is most commonly associated with a Seibel CRM Developer, not an OBIEE Technical Architect. Please confirm.

Answer 11:

Confirmed, yes we will accept resources with experience integrating Siebel CRM applications with Oracle BIEE components.

Question 12:

Re: Question and Answer 1 and the RFP revision to MTC1, which allows a second contract to be used to demonstrate at least two categories listed in MTC1e): does the second contract used have to meet all of the other contract parameters listed in MTC1 a), b), c) d)?

Answer 12:

No, the requirement will remain unchanged for the paragraphs a), b), c) and d) of MTC1.

Question 13:

Is the RFP revision #3 correct? I.e. Bidders are to demonstrate experience providing Functional Support Services not Data Warehouse services?

Answer 13:

There has been an administrative error and Canada will make correction to the English version only. Please refer to Appendix A-4 below.

Question 14:

Given that the first set of questions and answers were released just one week before the bid closing date, and further questions resulting from the amendment still need to be answered, we respectfully request an extension to the bid closing date of one week to Nov. 21st.

Answer 14:

Refer to answer provided under Question #8 above.

Question 15:

Regarding RTC18 on the ERP Technical Analyst, Level 3 – Oracle BI Publisher requirement, would the Crown please consider amending the requirement to allow for experience in standard SQL programming and/or PL/SQL in addition to T-SQL given the similarities to the different SQL implementations within Siebel CRM projects?

Answer 15:

Yes, we will accept Transact-SQL or PL/SQL.

APPENDIX A-4
