## SOLICITATION AMENDMENT 005

This amendment is raised to:

1. Provide answers to Bidder’s questions in relation to this solicitation; and
2. Amend the Request for Proposal (RFP) as detailed in Appendix A-5 below.

### Question 16:

Clarification in regard to a couple of rated requirements for the ERP Technical Analyst – Cognos Suite (BI, TM1 and Disclosure Management) Level 3

#### RTC11:

The proposed resource should clearly demonstrate experience implementing, upgrading, integrating and administering Cognos Analytics Products Server components (Gateway, Dispatcher, Repast Server 32 and 64 bits, Content Manager and SQL server Content Store and Auditing, Cognos TM1 Server and Cognos DM)

Is it the expectation that the resource have all of the named components in each project cited or any combination of components per project?

How will the months be counted? Will the months cited for each component per project be counted to reach a cumulative number of months total?

#### RTC14

The proposed resource should clearly demonstrate experience in development with Cognos only products (Cognos SDK, Cognos Framework, TM1 Turbo Integrator, TM1 Perspectives, TM1 Architect, TM1 Performance Modeller, Transformer, Cognos Designer, Transact SQL)

Is it the expectation that the resource have all of the named products in each project cited or any combination of products per project?

How will the months be counted? Will the months cited for each component per project be counted to reach a cumulative number of months total?

### Answer 16:

RTC11 & RTC14 – Any combination of the named components per project will be accepted.

RTC11 & RTC14– Time period are counted only once regardless of the number of components.
