 - a. The solicitation period is hereby extended from 7 December 2017 to 14 December 2107:

Insert: Solicitation closing date 14 December 2017, 14h00.

1. Answers to Questions 9 to 11:

Question #9:

Regarding Attachment 4.1, CM2: we feel this requirement is overly restrictive as currently written. It is common for government contracts to be awarded and then not immediately utilized, as clients need time to transition resources or other project factors delay the commencement of the project. Therefore it is restrictive to ask for a minimum of 6 resources within the initial 3 month period of the contract. We respectfully request that the requirement be revised to a minimum of 5 resources within the initial 12 month period for CM2 1) in order to allow for a competitive process.

Answer #9:

Please refer to Canada's answer to Question #1 of Solicitation Amendment 001.

Question #10:

Given the scope of the bid response required, and the fact there are several other large bids currently out for tender, we respectfully request a two-week extension to the closing date, to Dec. 21st.

Answer #10:

Canada has decided to extend the period of the Solicitation to December 14th 2017.

Question #11:

Attachment 4.2 – Point Rated Technical Criteria - Bidder's Proposed Resources: With the exception of PR10 all other point rated criteria require resources to demonstrate 5 years within the last 5 years' in order to score full points.

Contract end/start dates rarely coincide therefore it is unlikely a resource would not have any time gaps between projects. In order to allow for these time gaps and resources to score maximum points we recommend that all criteria be amended as follows:

The Bidder's proposed resource should demonstrate five years of experience within the last 7 years.

Answer #11: Canada has considered the proposed change but will not make changes to the Point Rated Technical Criteria.
