

## INVITATION TO TENDER

### IMPORTANT NOTICES TO BIDDERS

#### REFERENCE TO PWGSC

All references to the Department of Public Works & Government Services Canada (PWGSC) in the instructions, general terms, conditions and clauses identified in the Invitation to Tender (ITT) by number, date and title, set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) are to be replaced with the Correctional Service of Canada (CSC).

#### **THIS DOCUMENT DOES NOT CONTAIN AN INDUSTRIAL SECURITY REQUIREMENT**

#### INTEGRITY PROVISIONS – BID

Changes have been made to the Integrity Provisions – Bid as of 2016-04-04. See GI01, Integrity Provisions – Bid of R2710T of the General Instructions for more information.

#### LISTING OF SUBCONTRACTORS

As per GI07 of R2710T you should provide using Annex B at Bid closing a list of Subcontractors that have 20% or more of the tendered price value.

#### PWGSC UPDATE ON ASBESTOS USE

Effective April 1, 2016, Public Works and Government Services Canada (PWGSC) contracts for new construction and major rehabilitation will prohibit the use of asbestos-containing materials. Further information can be found at <http://www.tpsgc-pwgsc.gc.ca/comm/vedette-features/2016-04-19-00-eng.html>.

## **SPECIAL INSTRUCTIONS TO BIDDERS (SI)**

### **SI01 BID DOCUMENTS**

1. The following are the bid documents:

- a. Invitation to Tender - Page 1;
- b. Special Instructions to Bidders;
- c. General Instructions – Construction Services – Bid Security Requirements, R2710T (2017-09-21);
- d. Clauses & Conditions identified in “Contract Documents”;
- e. Drawings and Specifications;
- f. Bid and Acceptance Form and related Appendix(s); and
- g. Any amendment issued prior to solicitation closing.

Submission of a bid constitutes acknowledgement that the Bidder has read and agrees to be bound by these documents.

2. General Instructions – Construction Services – Bid Security Requirements R2710T is incorporated by reference and is set out in the Standard Acquisition Clauses and Conditions (SACC) Manual, issued by Public Works and Government Services Canada (PWGSC). The SACC Manual is available on the PWGSC Web site: <https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual/5/R>

### **SI02 ENQUIRIES DURING THE SOLICITATION PERIOD**

1. Enquiries regarding this bid must be submitted in writing to the Contracting Officer named on the Invitation to Tender - Page 1 as early as possible within the solicitation period. Except for the approval of alternative materials as described in G15 of R2710T, enquiries should be received no later than five (5) calendar days prior to the date set for solicitation closing to allow sufficient time to provide a response. Enquiries received after that time may not result in an answer being provided.
2. To ensure consistency and quality of the information provided to Bidders, the Contracting Officer will examine the content of the enquiry and will decide whether or not to issue an amendment.
3. All enquiries and other communications related to this bid sent throughout the solicitation period are to be directed ONLY to the Contracting Officer named on the Invitation to Tender - Page 1. Failure to comply with this requirement may result in the bid being declared non-responsive.

### **SI03 MANDATORY SITE VISIT**

It is mandatory that the Bidder or a representative of the Bidder visit the work site. Arrangements have been made for the site visit to be held at Saskatchewan Penitentiary, 15th Street W, Prince Albert, SK. on 04 December 2017. The site visit will begin at 10:00 CST. The meeting place is the Corcan Office located 500 meters south of the entrance (first building on the right).

Bidders must communicate with the Contracting Authority no later than 30 November 2017 at 12:00 CST to confirm attendance and provide their company name as well as the name(s) of the person(s) who will attend. Bidders will be required to sign an attendance sheet. Bidders should confirm in their bid that they have attended the site visit. Bidders who do not attend the mandatory site visit or do not send a representative will not be given an alternative appointment and their bid will be declared non-responsive. Any clarifications or changes to the bid solicitation resulting from the site visit will be included as an amendment to the bid solicitation.

### **SI04 REVISION OF BID**

A bid may be revised by letter in accordance with G10 of R2710T. The mailing address for receipt of revisions is indicated on page 1. The revised bid must be received in its entirety before the solicitation closing date and time indicated on page 1.

## **SI05 BID RESULTS**

1. The responsive bid carrying the lowest price will be recommended for contract award.
2. CSC will send an official letter by email to unsuccessful bidders to inform them of the name of the winning bidder as well as the total contract value.

## **SI06 INSUFFICIENT FUNDING**

1. In the event that the lowest compliant bid exceeds the amount of funding allocated by Canada for the Work:
  - a) by 15% or less, Canada in its sole discretion may:
    - i. cancel the solicitation; or
    - ii. obtain additional funding and, subject to the provisions of GI10 of R2710T, award the Contract to the Bidder submitting the lowest compliant bid; and/or
    - iii. negotiate a reduction in the bid price and/or scope of work with the Bidder submitting the lowest compliant bid.
  - b) by more than 15%, Canada in its sole discretion may:
    - i. cancel the solicitation; or
    - ii. obtain additional funding and subject, to the provisions of GI10 of R2710T award the Contract to the Bidder submitting the lowest compliant bid; and/or
    - iii. revise the scope of work accordingly and invite Bidders who submitted a compliant bid to the initial invitation to tender to resubmit a bid.
2. If Canada decides to enter into negotiations or request that compliant bidders resubmit a bid as per paragraph 1.a) iii. or 1. b) iii., bidders must use the same subcontractors and suppliers as for their initial offer.
3. If Canada decides to negotiate a reduction in the bid price as per paragraph 1.a) iii. and an agreement satisfactory to Canada cannot be reached, Canada will exercise option 1. a) i. or 1. a) ii.

## **SI07 BID VALIDITY PERIOD**

1. Canada reserves the right to seek an extension to the bid validity period prescribed in BA04 of the Bid and Acceptance Form. Upon notification in writing from Canada, Bidders must have the option to either accept or reject the proposed extension.
2. If the extension referred to in paragraph 1. of SI07 is accepted, in writing, by all those who submitted bids, then Canada will continue immediately with the evaluation of the bids and its approvals processes.
3. If the extension referred to in paragraph 1. of SI07 is not accepted in writing by all those who submitted bids then Canada will, at its sole discretion, either
  - a. continue to evaluate the bids of those who have accepted the proposed extension and seek the necessary approvals; or
  - b. cancel the invitation to tender.
4. The provisions expressed herein do not in any manner limit Canada's rights in law under GI11 of R2710T

## **SI08 CONSTRUCTION DOCUMENTS**

The successful Contractor will be provided with one paper copy of the sealed and signed drawings, the specifications and the amendments upon acceptance of the offer. Additional copies, up to a maximum of one (1), will be provided free of charge upon request by the Contractor. Obtaining more copies must be the responsibility of the Contractor including costs.

CSC may furnish additional drawings for clarification. These additional drawings will have the same meaning and intent as if they were included in the original plans referred to in the Contract Documents.

The Contractor must check the existing building dimensions before starting work and ordering any materials. The Contractor must report discrepancies affecting the work shown on the drawings to the CSC Project Manager for clarification and final decision. It is the responsibility of the Contractor to visit the site personally to verify or obtain dimensions. Any dimensions given are approximate and CSC assumes no responsibility for the accuracy of these dimensions.

### **SI09 WORKERS COMPENSATION BOARD AND SAFETY PROGRAM**

The recommended Bidder must provide to the Contracting Authority, prior to Contract Award:

- a) a Workers Compensation Board letter of good standing, also listing covered Directors, Principals, Proprietor(s), or Partners who will be or who are anticipated to be present on the work site(s); and
- b) a Certificate of Recognition (COR) or Registered Safety plan (RSP) acceptable to the Authority Having Jurisdiction (AHJ). A health and safety policy and program, as required by the respective provincial/territorial Occupational Health and Safety Act, will be acceptable lieu of a COR or RSP. If none is required by law, a copy of the health and safety policy and program that has been sent to the AHJ for review will also be acceptable, provided that the recommended Bidder certifies that it has been sent to the AHJ.

The recommended Bidder must deliver all of the above documents to the Contracting Authority on or before the date stated (usually 3 to 5 days after notification) by the Contracting Authority. Failure to comply will result in a breach of promise, at which time the Contracting Authority will be free to approach the next lowest responsive Bidder.

## **SUPPLEMENTARY CONDITIONS (SC)**

### **SC01 SECURITY ACCESS REQUIREMENTS**

NIL security screening required as there is no access to sensitive information or assets. Contractor personnel will be escorted in specific areas of the institution / site as and where required by Correctional Service Canada personnel or those authorized by CSC to do so on its behalf.

Contractor personnel must submit to a Canadian Police Information Centre (CPIC) verification of identity / information by CSC, and must adhere to institutional requirement for the conduct of searches prior to admittance to the institution / site. CSC reserves the right to deny access to any institution / site or part thereof of any Contractor personnel, at any time.

### **SC02 INSURANCE TERMS**

#### 1) Insurance Contracts

- (a) The Contractor must, at the Contractor's expense, obtain and maintain insurance contracts in accordance with the requirements of the Certificate of Insurance. Coverage must be placed with an Insurer licensed to carry out business in Canada.
- (b) Compliance with the insurance requirements does not release the Contractor from or reduce its liability under the Contract. The Contractor is responsible for deciding if additional insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any additional insurance coverage is at the Contractor's expense, and for its own benefit and protection.

#### 2) Period of Insurance

- (a) The policies required in the Certificate of Insurance must be in force from the date of contract award and be maintained throughout the duration of the Contract.
- (b) The Contractor must be responsible to provide and maintain coverage for Products/Completed Operations hazards on its Commercial General Liability insurance policy, for a period of six (6) years beyond the date of the Certificate of Substantial Performance.

#### 3) Proof of Insurance

- (a) Before commencement of the Work, and no later than thirty (30) days after acceptance of its bid, the Contractor must deposit with Canada a Certificate of Insurance on the form attached herein.
- (b) Upon request by Canada, the Contractor must provide originals or certified true copies of all contracts of insurance maintained by the Contractor pursuant to the Certificate of Insurance.

#### 4) Insurance Proceeds

In the event of a claim, the Contractor must, without delay, do such things and execute such documents as are necessary to effect payment of the proceeds.

#### 5) Deductible

The payment of monies up to the deductible amount made in satisfaction of a claim must be borne by the Contractor.

### **SC03 COMPLIANCE WITH APPLICABLE LAWS:**

The Contractor must comply with all laws, regulations rules instructions and directives applicable to the performance of the Work or any part thereof in force on the site where the Work is to be performed. The Contractor must also comply with all laws, regulations, rules, instructions and directives applicable to the agents and servants of the Crown. The Contractor must also require compliance therewith by all of its subcontractors. Evidence of compliance with such laws,

regulations and rules must be furnished by the Contractor to the Contracting Authority at such times as the Contracting Authority may reasonable request.

Unless otherwise provided in the contract, the Contractor must obtain all permits and hold all certificates and licenses required for the performance of the Work.

Details on existing CSC policies can be found at [www.csc-scc.gc.ca](http://www.csc-scc.gc.ca) or any other CSC web page designated for such purpose.

## **SC04 WORKPLACE SAFETY AND HEALTH**

It is mandatory that every Contractor contracted for work must have an account with the Provincial Workers Compensation Board/Commission, and coverage shall be extended to cover all employees.

### **1. EMPLOYER/CONTRACTOR**

1.1. The Contractor shall, for the purposes of the Workplace Safety and Health Act and Regulations, Saskatchewan, and for the duration of the Work:

- 1.1.1 act as the Employer, where there is only one employer on the work site, in accordance with the Authority Having Jurisdiction;
- 1.1.2 assume the role of Contractor, where there are two or more employers involved in work at the same time and space at the work site, in accordance with the Authority Having Jurisdiction; and
- 1.1.3 agree, in the event of two or more Contractors working at the same time and space at the work site, without limiting the General Conditions, to Canada's order \* to:
  - 1.1.3.1 assume, as the Contractor, the responsibility for Canada's other Contractor(s); or
  - 1.1.3.2 accept that Canada's other Contractor is Contractor and conform to that Contractor's Site Specific Health and Safety Plan.

\*"order" definition: after contract award, Contractor is ordered by a Change Order

### **2. SUBMITTALS**

2.1 The Contractor shall provide to Canada:

2.1.1 prior to the pre-construction meeting, a transmittal and copy of a completed Notice of Project form PWGSC - TPSGC 458 (form will be provided to the proposed contractor prior to award), as sent to the Authority Having Jurisdiction (AHJ); and

2.1.2 prior to commencement of work and without limiting the terms of the General Conditions:

- 2.1.2.1 copies of all other necessary permits, notifications and related documents as called for in the scope of work/specifications and/or by the AHJ; and
- 2.1.2.2 a site specific Health and Safety Plan as requested.

NOTE: Please do not include any forms that include personal 3rd party information such as the names of the contractor's employees and their related claims information.

### **3. LABOUR AUTHORITY CONTACT:**

The contact below represents the Labour Authority in the jurisdiction (AHJ). They are not representatives of the Workers Compensation.

Do not contact the people referenced below for issues pertaining to WCB or WCB Clearances. Those queries must be directed specifically to the WCB, and where the WCB has both a Labour and Compensation component, WCB issues must be directed to the Compensation/Employer Services sections.

|--|---|

**SC05 TUBERCULOSIS TESTING:**

It is a condition of this contract that the Contractor or any employees of the Contractor who require entry into a Correctional Service of Canada Institution to fulfil the conditions of the contract may, at the sole discretion of the Warden, be required to provide proof of and results of a recent tuberculin test for the purpose of determining their TB infection status.

Failure to provide proof of and results of a tuberculin test may result in the termination of the contract.

All costs related to such testing will be at the sole expense of the Contractor.

**SC06 INFORMATION GUIDE FOR CONTRACTORS**

Prior to the commencement of any work, the Contractor certifies that its employees, or employees of its subcontractors, working under contract for CSC, will complete the applicable Module(s) and retain the signed checklist(s) from the CSC Information Guide for Contractors” website: [www.bit.do/CSC-EN](http://www.bit.do/CSC-EN).

**SC07 CLOSURE OF GOVERNMENT OFFICES**

Contractor personnel are employees of the Contractor and are paid by the Contractor on the basis of services rendered. Where the Contractor or the Contractor's employees are providing services on government premises pursuant to this Contract and the said premises become non accessible due to evacuation or closure of government offices, and consequently no Work is being performed as a result of the closure, Canada will not be liable for payment to the Contractor for the period of closure.

Contractors working at CSC sites should be aware that they may be faced with delay or refusal of entry to certain areas at certain times even if prior arrangements for access may have been made. Contractors are advised to call in advance of travel to ensure that planned access is still available.

**SC08 CONTRACTOR’S PERFORMANCE EVALUATION REPORT**

CSC will evaluate the Contractor’s performance during the execution of the work and when it is completed using PWGSC – TPSGC form 2913 “Contractor Performance Evaluation Report Form (CPERF)”. This evaluation will be based on the quality of the execution of the work, timeliness, management of on-site health and safety and the general management of the Contractor’s work in relation to the effort required by the Department’s employees in the administration of the contract. A completed performance evaluation report will be sent to the Contractor when the work has been completed for all projects.

## CONTRACT DOCUMENTS (CD)

1. The following are the contract documents:
  - a. Contract Page when signed by Canada;
  - b. Duly completed Bid and Acceptance Form and any Appendices attached thereto;
  - c. Drawings and Specifications;
  - d. General Conditions and clauses

|  |        |               |
|--|--------|---------------|
| GC1 General Provisions – Construction Services     | R2810D | (2017-08-17); |
| GC2 Administration of the Contract                 | R2820D | (2016-01-28); |
| GC3 Execution and Control of the Work              | R2830D | (2015-02-25); |
| GC4 Protective Measures                            | R2840D | (2008-05-12); |
| GC5 Terms of Payment                               | R2850D | (2016-01-28); |
| GC6 Delays and Changes in the Work                 | R2865D | (2016-01-28); |
| GC7 Default, Suspension or Termination of Contract | R2870D | (2008-05-12); |
| GC8 Dispute Resolution                             | R2880D | (2016-01-28); |

| GC10 Insurance                                     | R2900D | (2008-05-12); |
| Allowable Costs for Contract Charges Under GC6.4.1 | R2950D | (2015-02-25)  |
  - e. Any amendment issued or any allowable bid revision received before the date and time set for solicitation closing;
  - f. Any amendment incorporated by mutual agreement between Canada and the Contractor before acceptance of the bid; and
  - g. Any amendment or variation of the contract documents that is made in accordance with the General Conditions.
2. The documents identified by title, number and date above are incorporated by reference and are set out in the Standard Acquisition Clauses and Conditions (SACC) Manual, issued by Public Works and Government Services Canada (PWGSC). The SACC Manual is available on the PWGSC Web site:  
  
<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>
3. The language of the contract documents is the language of the Bid and Acceptance Form submitted.

**BID AND ACCEPTANCE FORM (BA)**

**BA01 IDENTIFICATION**

SK Pen B5 Restoration (506) 520-000162  
Replace and Install Windows – Saskatchewan Penitentiary, Prince Albert, SK, S6V 6G1  
Solicitation Number: 21C50-18-2620100

**BA02 BUSINESS NAME AND ADDRESS OF BIDDER**

Name: \_\_\_\_\_

Address: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Telephone: \_\_\_\_\_

Fax: \_\_\_\_\_

PBN: \_\_\_\_\_

E-mail address: \_\_\_\_\_

**BA03 THE OFFER**

The Bidder offers to Canada to perform and complete the Work for the above named project in accordance with the Bid Documents for the **TOTAL BID AMOUNT OF:**

\$ \_\_\_\_\_ **EXCLUDING GST/HST**

Bidders are reminded that it is their responsibility to include in their bid all work as described in the drawings and specifications.

**BA04 BID VALIDITY PERIOD**

The bid must not be withdrawn for a period of ninety (90) days following the date of solicitation closing.

**BA05 ACCEPTANCE AND CONTRACT**

Upon acceptance of the Contractor's offer by Canada, a binding Contract will be formed between Canada and the Contractor. The documents forming the Contract will be the contract documents identified in Contract Documents (CD).

**BA06 CONSTRUCTION TIME**

The Contractor must perform and complete all Work by April 23rd, 2018.

**BA07 BID SECURITY**

The Bidder is enclosing bid security with its bid in accordance with GI08 - Bid Security Requirements of R2710T - General Instructions Construction Services – Bid Security Requirements.

**APPENDIX 1 – INTEGRITY PROVISIONS – LIST OF NAMES**

**List of names:** all bidders, regardless of their status under the Policy, must submit the following information when participating in a procurement process or real property transaction:

- bidders that are corporate entities, including those bidding as joint ventures, must provide a complete list of the names of all current directors or, for a privately owned corporation, the names of the owners of the corporation;
- bidders bidding as sole proprietors, including sole proprietors bidding as joint ventures, must provide a complete list of the names of all owners; or
- bidders that are a partnership do not need to provide a list of names.

If the list of names has not been received in a procurement process or real property transaction by the time the evaluation of bids or offers is completed, or has not been received in a procurement process or real property transaction where no bid/offer will be submitted, the contracting authority will inform the bidder of a time within which to provide the information. Providing the required names is a mandatory requirement for award of a contract or real property agreement. Failure to provide the list of names within the time specified will render a bid or offer non-responsive, or the bidder otherwise disqualified for award of a contract or real property agreement.

## CERTIFICATE OF INSURANCE (not required at solicitation closing)

PAGE 2 of 2

### General

The insurance policies required on page 1 of the Certificate of Insurance must be in force and must include the insurance coverage listed under the corresponding type of insurance on this page.

The policies must insure the Contractor and must include Her Majesty the Queen in Right of Canada as represented by the Minister of Public Safety Canada as an additional Insured.

The insurance policies must be endorsed to provide Canada with not less than thirty (30) days notice in writing in advance of a cancellation of insurance or any reduction in coverage.

Without increasing the limit of liability, the policies must protect all insured parties to the full extent of coverage provided. Further, the policies must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.

### Commercial General Liability.

The insurance coverage provided must not be substantially less than that provided by the latest edition of IBC form 2100.

The policy must either include or be endorsed to include coverage for the following exposures or hazards if the Work is subject thereto:

- a) blasting;
- b) pile driving and caisson work;
- c) underpinning;
- d) removal or weakening of support of any structure or land whether such support be natural or otherwise if the work is performed by the insured contractor.

The policy must have the following minimum limits:

- a) \$5,000,000 Each Occurrence Limit;
- b) \$10,000,000 General Aggregate Limit per policy year if the policy contains a General Aggregate; and
- c) \$5,000,000 Products/Completed Operations Aggregate Limit.

Umbrella or excess liability insurance may be used to achieve the required limits.

### Builder's Risk / Installation Floater.

The insurance coverage provided must not be less than that provided by the latest edition of IBC forms 4042 and 4047.

The policy must permit use and occupancy of any of the projects, or any part thereof, where such use and occupancy is for the purposes for which a project is intended upon completion.

The policy may exclude or be endorsed to exclude coverage for loss or damage caused by asbestos, fungi or spores, cyber and terrorism.

The policy must have a limit that is **not less than the sum of the contract value** plus the declared value (if any) set forth in the contract documents of all material and equipment supplied by Canada at the site of the project to be incorporated into and form part of the finished work. If the value of the work is changed, the policy must be changed to reflect the revised contract value.

The policy must provide that the proceeds thereof are payable to Canada or as Canada may direct in accordance with GC10.2, "Insurance Proceeds" (<https://buyandsell.gc.ca/policy-and-guidelines/standards-acquisition-clauses-and-conditions-manual/5/R/R2900D/2>).

### Contractors Pollution Liability

The policy must have a limit usual for a contract of this nature, but no less than \$1,000,000 per incident or occurrence and in the aggregate.

**ANNEX B – LISTING OF SUBCONTRACTORS**

- 1) In accordance with GI07 – Listing of Subcontractors and Suppliers of R2710T – General Instructions – Construction Services – Bid Security Requirements, the Bidder should provide a list of Subcontractors with his Bid.
- 2) The Bidder should submit the list of Subcontractors and for any portion of the Work valued at 20% or greater of the submitted In Price.

|     | Subcontractor | Division | Estimated value of work |
|-----|---------------|----------|-------------------------|
| 1.  |               |          |                         |
| 2.  |               |          |                         |
| 3.  |               |          |                         |
| 4.  |               |          |                         |
| 5.  |               |          |                         |
| 6.  |               |          |                         |
| 7.  |               |          |                         |
| 8.  |               |          |                         |
| 9.  |               |          |                         |
| 10. |               |          |                         |
| 11. |               |          |                         |
| 12. |               |          |                         |
| 13. |               |          |                         |
| 14. |               |          |                         |
| 15. |               |          |                         |

## **ANNEX C – STATEMENT OF WORK**

### **1. General**

The Saskatchewan Penitentiary, has a requirement to:

- 1) replace damaged and undamaged exterior glazed glass into existing aluminum frames, and
- 2) replace three (3) windows including clear anodized aluminum frames.

Work must comply with the National Building Code or Saskatchewan Building Code – whichever has more stringent requirements.

The Mandate of CORCAN Construction is to provide employment and employability skills training to offenders incarcerated in federal penitentiaries. When deemed appropriate by CORCAN Construction, the sub-contractor may be required to assist in the Mandate by working with offenders. The Offenders will be considered unskilled labour and the Contractor will help them gain knowledge and skills in the trade being carried out. The offenders are employed by CORCAN Construction and no financial obligations are required of the subcontractor as a result of having them as part of the workforce. The offenders are considered to have the potential to be productive upon receiving training necessary to their work and will be removed or replaced upon request from the Contractor should they not show improvement or interest in the work they are tasked with.

All contractors and sub-contractor staff that work on the Institutional Reserve will be required to pass security screening at the sole discretion of the Institution. All such staff must complete the Institutional Access CPIC Clearance Request –Form 1279 which may require up to ten (10) working days to process. The completed CPIC form must be submitted with a photocopy of Drivers Licence or Passport. All such staff must attend a short security briefing that will orient them to the security requirements of working in the Institutional environment. This security briefing may require up to (5) working days to organize. Institutional Security shall have the right to have any of the Contractor's employees removed from the site of the Work for reason of security concerns, notwithstanding the results or status of any security screening in respect to such employees. The Contractor undertakes and agrees to comply with all applicable standing orders or other regulations in force on the site where the Work is to be performed, relating to the safety of persons on the site or the protection of property against loss or damage from any and all causes including fire.

Hours of work are Monday to Friday from 08:00 to 16:00.

### **2. Scope of Work**

- a) Provide all necessary labour, material, tools and equipment required to perform identified work. The Contractor must arrange his workforce such that once started the work will continue until the work is complete.
- b) All Work must be performed to the standard that may be required by any applicable code or prescribed by specifications. If neither is applicable, then the Work will be equal in kind, quality, and finish to that of the existing property or standards. The Contractor must notify the Project Authority of any defects, faults, code violations, etc., that may be encountered during the execution of this work.
- c) Where the work affects occupied portions of a building, the contractor must ensure continuity of building services and necessary access for personnel and vehicles to the extent feasible.
- d) On award, the Contractor must provide names of personnel performing work, complete with proof of their qualifications: like Journey Certificate or the Interprovincial Journey Red Seal Certificate, resume, etc a copy of which is to be supplied to CORCAN CONSTRUCTION. The Project Authority reserves the right to verify/substantiate qualifications of any person(s) performing work under this contract. The

Contractor must ensure that all labour assigned to projects has received occupational health and safety training required by federal and provincial laws for construction and work in industrial and commercial sites, including but not limited to fall protection.

- e) Contractor must remove from the work site at the end of each work shift or as instructed by the Project Authority all rubbish or debris generated from the work activity. Contractor is responsible to clean the work area and any other space that has been affected by his activity. All debris must be disposed off site at the cost of the Contractor.
- f) The Contractor must contribute to Institutional Security Requirements by following Tool and Equipment Security protocols that may include some or all of the following dependant on work location: provision of a complete lists of all tools/equipment brought to work site, keep all tools and equipment under constant supervision, if permitted by Security the storage of tools and equipment is required to be in lockable tool boxes, assist in tool/equipment checks by CSC security personnel.
- g) All work must be completed without delay and a schedule of operation must be provided to the Project Authority 48 hours prior to commencing work. The schedule must include the following: Start date, hours of work, names of those who require entry, milestone dates and completion date.
- h) The Contractor must co-operate fully with other contractors or employees of the Crown sent on to the site of the Work by the Project Authority.
- i) The Contractor may be required to provide, erect, and maintain necessary barricades and signage, and take all necessary precautions for the protection of the work and the safety of the staff and public.
- j) The Contractor must provide training to maintenance staff and user groups on operation and maintenance procedures on all new installations. The Contractor must supply shop drawings and manufacturer's instructions and specifications on all new installations.
- k) The Contractor must provide as-built drawings, complete O&M manual information, and warranties at completion of work.

### 3. Installation

- a) All installation must be done from the inside of the building because access is not available from the outside due to the existing security measures mentioned above.
- b) Installers must remove the existing fixed sealed units and sliders from existing frames.
- c). Installers must remove the existing fixed sealed units and sliders from the Institution and dispose of off-site.
  - All glass that was broken during the incident has been removed during clean up.
- d) Aluminum frames: The rough opening will be confirmed by the contractor onsite.
  - It will be the installer's responsibility to provide the Rough Opening size.
  - It will be the installer's responsibility to insulate and seal frame into Rough opening.
  - It will be the installer's responsibility to provide and install appropriate outside flashings to match window frame and caulking recommended and approved for commercial window installation.

## ANNEX D - SPECIFICATIONS

### a) Commercial Level 2 (CW2) – Applicable at Medium and Maximum Institutions

Conventional window conforming to medium duty standards outlined in CSA A440-8<sup>3</sup> but with a glazing type which does not form shards when broken. The thermal unit glazing is medium duty heat tempered glass. For secure applications, this window is used in combination with grilles, mesh or bars which provide for containment or intrusion protection.

b) Glazed glass inserts will be for exterior locations and are used in combination with other existing measures and components to achieve the required security. The existing measures include exterior security bars and grilles. This is for the supply and installation of glass inserts, sliding units, aluminum frames, and an aluminum panel. The windows will conform to medium duty standards outlined in CAN-A440 Rating; the thermal unit glazing will be medium duty heat tempered glass.

c) The glazing inserts, gaskets, integral fasteners and sealants must all be provided by or approved by a single manufacturer.

### d) Glass Inserts

- Low-E coating.
- Argon gas filled between glazing units
- Warm Edge Spacers: warm edge design, thermally broken;
- Total thickness to suit existing site conditions
- Exterior glazing: ¼ inch (6mm), Medium duty heat tempered glass
- Insulating gap width to suit existing site conditions, argon gas filled
- Interior glazing: ¼ inch (6mm), Medium duty heat tempered glass
- 5 year warranty on sealed units

### e) Sliding Units:

- Sliding operable windows, high performance IGU (insulated glass units) sliders;
- Thermally broken frame and sash;
- 4 inch (101mm) main frame depth;
- All frame and sash members are butt and coped fabrication;
- Anodized Aluminum Frames in clear coat
- Bead glazed for easy on-site glass replacement;
- 1 inch (25.4mm) insulating glass unit glazing; medium duty heat tempered glass
- Full range of integral panning and interior trims
- CAN A440 A3, B7 Ratings. AAMA Rating HC 55

### f) Aluminum Frames:

- Thermally broken frame clear anodized aluminum framing
- 4 inch (101mm) main frame depth
- All frame members are butt and coped fabrication
- Bead glazed for easy on-site glass replacement
- Accepts 1 inch (25.4mm) glass insert
- To CAN/CSA-A440 Rating – Fixed, B7, C5.

### g) Aluminum Panel:

- Insulated Clear Anodized Aluminum Panel

#### 4. Quantities and Installation Schedule

| Item        | Range  | Description                               | Sizes W x H       | Quantity | Installation to be completed by: |
|-------------|--|---|-------------------|----------|----------------------------------|
| 1           | F4   | Glass Insert                              | 42-1/4" X 38"     | 15       | <b>2018 March 28</b>             |
|             |  | Sliding Unit                              | 42-1/4" X 22-1/2" | 14       |                                  |
| 2           | E3/E4  | Glass Insert                              | 42-1/4" X 20-3/4" | 14       | <b>2018 April 10</b>             |
|             |  | Glass Insert                              | 42-1/4" X 58-1/2" | 14       |                                  |
|             |  | Sliding Unit                              | 42-1/4" X 22-1/2" | 15       |                                  |
| 3           | E1/E2  | Glass Insert                              | 42-1/4" X 48-1/2" | 12       | <b>2018 April 23</b>             |
|             |  | Glass Insert                              | 42-1/4" X 22"     | 2        |                                  |
|             |  | Sliding Unit                              | 42-1/4" X 22-1/2" | 12       |                                  |
|             |  | Anodized Aluminum frame with 4" wide jamb | 43-3/4" X 22-5/8" | 2        |                                  |
|             |  | Anodized Aluminum frame with 4" wide jamb | 44" X 96-7/8"     | 1        |                                  |
|             |  | Anodized Aluminum Insulated Panel         | 42-1/4" X 22-3/4" | 1        |                                  |
| <b>Note</b> | <b>2 piece stop required for all glass inserts and aluminum panel.</b> |   |                   |          |                                  |

## **ANNEX E – DRAWINGS**

The DRAWINGS for the work required are provided as a separate attachment.

The DRAWINGS are to be referenced along with the SCOPE OF WORK - ANNEX C and the SPECIFICATIONS - ANNEX D.
