This amendment is being raised to answer the following question and make a change to solicitation 5P427-170003/A:

1. Question and Answer

Question 1

Is it possible to change the mandatory specification item 1.B from 10000 lbs to 10600 lbs?

Answer 1

10000 lbs is the very top end of what is acceptable. When hauling a machine of that size with attachments and construction materials we are pushing the limits of our truck/trailer load and hauling capacity.

2. On page 10 of 14, Annex "A" – Requirement

INSERT

Item #	Performance Specification	Performance Specification Met? Indicate either Yes/No	Performance Specification Offered: Bidder <u>should</u> indicate how they meet the performance specification by recording this information in this column	Cross Reference: In this column, Bidders should cross-reference where this performance specification is indicated in their supporting documents.
1.	General			
f.	Must have keyless ignition with digital instrumentation which provides the following functionality: programming operator job clocks, tracking individual operator statistics for up to 8 operators, user specific passwords for up to 8 operators, resettable hour meter for job tracking, ability to lock out high flow and two-speed drive.			

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
