AMENDMENT 002

This amendment is raised to publish questions and answers, and modify Annex C – Technical Evaluation Plan.

Questions and Answers

7. In regards to Item #2 of Section 3.0 of Annex C, the American Bureau of Shipping is one of several third-party companies approved by the U.S. Coast Guard to come witness testing of a container at a manufacture's facility or test center. They do not certify the facility itself, therefore we cannot provide a "copy of the facility certification" as listed in the "Proof of Compliance". We could provide a certificate from an accredited company to show that our facility is ISO 9001:2015 certified. Would this be acceptable?

Bidders may also provide a written confirmation that the testing performed at the manufacturer's facility or test centre will be witnessed by an internationally authorized classification society.

Insert: The Bidder must provide:

(1) A copy of the facility certification as specified OR a written confirmation that the testing performed at the manufacturer's facility or test centre will be witnessed by an internationally authorized classification society.
