AMENDMENT TO THE RFSO

This RFSO amendment is issued to:

- respond to questions received from Bidders (see Log # 7 found attached); and
- modify certain parts of the RFSO.

AMENDMENTS:

1(a). At Annex "A", Article 5.2.1

Delete: In its entirety

Insert:

5.2.1 The LASER must have an ON/OFF button which may be an independent button or be incorporated into the trigger on the LASER.

1(b). At Annex "D", Appendix 1, Article 5.3

Delete: In its entirety

Insert:

5.3 The LASER must have an ON/OFF button which may be an independent button or be incorporated into the trigger on the LASER.

BIDDER QUESTIONS (Log # 7)

RCMP LASER RFSO - Solicitation No. M7594-17-3091/A - RFSO Activity Log (Log # 7)						
Q #	RFSO Reference A			Resp.	Bidder Question B	Response C
	Part (1 to 7)	Article	Annex/Appendix			
11		5.2.1	Annex A	RCMP	This will exclude some manufacturers from putting forth a bid.	Many of the LASER's currently in use have only a few buttons where they are used to perform or access different functions within the unit. So the answer is, "Yes." It will not be an issue.
		5.3	Annex D		With the form and function design of the Lasers, in keeping with the general idea to make the units smaller, the functionality of the user buttons need to hold more than one function. An example would be a keyboard on a computer, it would be much larger if the keys were not multifunction. Would you please consider having the Power buttons on ANY keys or combination?	Please refer to Item # 1 to Amendment # 010.
