Amendment 1 is issued to answer potential bidder's questions 1 to 4 and add changes A, B and C

Question 1

Room Type 13- Does this room require switching?  
No switcher is listed in the document.

Answer 1

Switching will only occur when the room is re-configured and the tables will connect to the closest floor monument. The room is not dividable. No switcher is needed.

Question 2

This system calls out for 10" control touch panels. Can you please clarify if these panels are to be Wall mount 10" panels, or table top 10" panels?

Answer 2

The touch panels are to be wall mounted.

Question 3

For the Cable Cubby 700 it calls out for a 25" HDMI retractor. Does this mean you require a 25' HDMI cable between the cable cubby and the switcher

Answer 3

A 25' HDMI retractor was required by the client for a cable between the cubby and the end-user. All requirements for 25" HDMI retractors must be modified to 25' HDMI retractors.

Question 4

There does not appear to be any control in room type 8. Does room type 8 require control.

Answer 4

This line should be added to Room type 8, line 27:

3-Series Control System®	Crestron	CP3N or equivalent
--------------------------	----------	--------------------

A) Add to English solicitation First page of Appendix A:

Barco Clickshare cs100 is used for wireless broadcasting between notebook and display device. PSPC network and desktop security requirements require that special configurations be applied to a wireless device connecting to our IT environment. Due to time and costs associated with securing a new device, PSPC requires that the Barco Clickshare cs100 be used as a wireless broadcasting devices for Montreal 2018 and therefore an alternative replacement cannot be accepted.

B) Where “South West Tower” is noted anywhere in the solicitation, it should read “South East Tower” in all locations in the solicitation

C) Annexe B in the French solicitation should read Appendice B in the French solicitation.

All other terms and conditions remain the same.
